I am immensely pleased to note that Sainik School, Kazhakootam will soon release the next issue of its Annual Magazine - The Kazhak Cadet.

Since its formation, the school has achieved significant success. In the last five decades, many outstanding officers in the armed forces as well as exemplary achievers in other fields of nation building have passed through the portals of this school. It is heartening to note that during the occasion of the Golden Jubilee celebrations of the school, overwhelming enthusiasm was noticed amongst the cadets, staff, parents as well as the alumni.

The school magazine unfurls all activities of the previous academic session and also provides an opportunity to the cadets to showcase their writing talents in English, Hindi and local vernacular. 'The Kazhak Cadet' in this edition has not only achieved all this, but makes an interesting read.

I wish the Principal, Staff and Cadets all success in their endeavours in the years to come and also complement the Editorial Board for publishing yet another splendid journal.

It is a matter of pleasure to learn that 'The Kazhak Cadet' for 2011-2012 is soon to be published by Sainik School, Kazhakootam.

It is a noticeable credit that over 850 cadets from Kazhakootam have become service officers till now, say, nearly 20% of the cadets who left the school in the last fifty years. The Sainik Schools are meant for brining in overall development in the children within a span of seven years assisting them for the officer career in the defence forces at an early age.

The school magazine projects various activities undertaken by the school during the academic year and includes the written creations of the staff and cadets to share their views and thoughts with the unknown readers. Such effort facilitates the young minds to express freely in the form of articles and also to display their skills in the art, photography, etc. A well brought out school magazine reflects the quality of education in the institution and the effort of team work.

Best wishes to the Patron and Editorial Board of 'The Kazhak Cadet' and all Kazhaks who may cherish the 50 years breakthrough!

Principal's Annual Report 2011-12

Gp Capt B Janardhanan

Good Evening and Welcome !

Honourable Chief Guest of the evening Smt. Shoba Koshy, Chief Post Master General, Kerala, distinguished guests, esteemed parents, members of staff and my dear cadets a warm welcome to you all.

On this solemn occasion of the 50th Annual Day Celebration of our School we are honoured to have Smt. Shoba Koshy amidst us. I am extremely grateful to her for having graciously accepted our invitation inspite of her hectic schedule.

Madam, I am sure that your benign presence on this occasion will be a great source of motivation for our Cadets.

On this befitting occasion I shall now present before you a wide spectrum of the various activities and events that are carried out in the School during the current academic session 2011-12.

Ladies and Gentlemen, I took over as the 17th Principal of this great

educational institution on 22nd Nov 10. I commit my heart and soul to serve you by shouldering this responsibility during my tenure. The trends and standards set by my predecessors would be continued with higher degree of involvement and enthusiasm of my team of Kazhaks !

Sainik School Kazhakootam is one of the 24 Sainik Schools in the Country, and was established in 1962. It has come a long way since its inception in making a significant mark as an educational institution of high repute in our state of Kerala. I am happy to announce that this prestigious institution is celebrating its Golden Jubilee year. We organize an year long celebrations to make this momentous occasion a historic one.

Apart from our basic aim of preparing the boys for entry into the National Defence Academy, the training imparted in this school influences the students in shaping their social

attitudes and meaningful approach to the life in general in order to emerge as responsible citizens of India and leaders in different walks of life.

In this age of unbridled consumerism and crass commercialism horror stories hog the headlines. Uncouth behaviour of the young minds leads to the damage of the society. Against this backdrop Sainik Schools provide a beacon of light and hope by upholding sound values and principles for the cadets to absorb, emulate and exemplify. The Class XII Cadets are ready to spread their wings and fly out of the portals to face the challenges of life and I am sure they will indeed make their impact in the world wherever they go or whatever they do, rising much above their expectations.

The First day in Khaki

When I came to Sainik School I saw my seniors wearing khakis. But we were asked to put white shirt and white shorts. I was curious to wear khaki but Miss told that we would get it only later. Then I noted the beret, school belt, house colour, SSKZM and most importantly the name tab. One day I dreamed of wearing khaki and going near my cousins. I waited and waited and one day Miss gave us khakis, beret, school belt, house colour, SSKZM and name tab. Then I and my batch mates were too happy.

The Beauty of Nature

*I*t's full of hills
It's full of green, forests
The sky is deep blue
A lovely sight to see.

The rivers, the streams
They all flow down the hills
Splitting into small channels
They travel far and wide
They dash into the rocks
and splash out,
They jump from big rocks
and form a waterfall.

The hilly slopes are full of green
The bright fresh green grass
Holds the dew drops
They shine like jewels in sunlight.
Look at the blue sky,
The birds flying in full freedom
With its wings outstretched
In the sky that has no end.
We have such a beautiful nature
In this little heaven;
The only one home we have:
The beautiful Earth!•

കൂടെയുള്ളവരുടെയടുത്തും പറഞ്ഞു. "കല്യാണി, അഭിഷേകിന് നിന്നോട് പ്രേമമാണ്. സൂക്ഷിച്ചോണം". എനിക്ക് സ്നേഹത്തോട് ദേഷ്യമായി പെട്ടെന്ന് കല്യാണി അടുത്തേക്ക് വന്നു. ക്ലാസിൽ നിശബ്ദം.

പെട്ടെന്ന് കല്യാണി വിരലോ ചൂണ്ടി ഉച്ചത്തിൽ എന്നോട് പറഞ്ഞു. "ഞാൻ ഇവിടെ വന്നത് പഠിക്കാനാണ് അല്ലാതെ പ്രേമിക്കാനോ കൂടെ കൂടി ജീവിക്കാനോ അല്ല. പ്രേമിച്ചു നിന്നെ നെഞ്ചിൽ കൊണ്ടു നടക്കാൻ തനിക്ക് പ്രണയരോഗമില്ല."

അന്ന് വീട്ടിലേക്ക് നിരാശനായി ഞാൻ മടങ്ങി. അടുത്ത ദിവസത്തെ ഡാൻസ് പ്രോഗ്രാമിനെക്കുറിച്ച് ഓർത്തപ്പോൾ ഞാനാണ് സ്റ്റേജ് ഇടം നേടുന്നത് ഓർമ്മ വന്നത്. പിന്നെ കല്യാണിയുമായി നടന്ന പ്രശ്നങ്ങളെല്ലാം മറന്നു. വീട്ടിൽ നിന്ന് സ്റ്റേജ് ട്രിനുശേഷം കഴിച്ച് പെട്ടെന്ന്

ഞാൻ പോയി. കിടന്നപ്പോൾ മനസ്സിൽ അവളുടെ രുക്ഷമായ വാക്കുകളാണ് വന്നത്. ആ രാത്രിയിലെ ഉറക്കം ശരിയായില്ല.

ക്ലാസിൽ വന്നപ്പോൾ ടീച്ചർ പറഞ്ഞു, "രണ്ട് ഡാൻസുണ്ട്. സിനിമാറ്റിക്കും. സെമിക്ലാസ്സിക്കലും. രണ്ടു പെയറിലാണ്." അപ്പോൾ കല്യാണി ചോദിച്ചു, "ടീച്ചർ, പെയർ ആർ തീരുമാനിക്കും." ടീച്ചർ കല്യാണിയോടും എന്നോടും സ്റ്റേപ്പ് തീരുമാനിച്ചോ എന്ന് ചോദിച്ചു. ഞങ്ങൾ പറഞ്ഞു, "തീരുമാനിച്ചെന്ന്". അപ്പോൾ ടീച്ചർ പറഞ്ഞു, "നിങ്ങളിന് ആദ്യത്തെ പെയറുകൾ. ഒരാളെ ക്ലാസിക്കും മറ്റേയാൾ സിനിമാറ്റിക്കും എനിക്ക് ടീച്ചറുടെ ആ തീരുമാനം ശരിക്കും ഇഷ്ടപ്പെട്ടു. കല്യാണിക്ക് അതങ്ങ് പിടിച്ചില്ല അന്ന് സെമിക്ലാസിൽ ഡാൻസിന് ഇട്ട പാട്ട് സന്ദർഭത്തിന് പറ്റിയതായിരുന്നു.

"നെഞ്ചുകുൾ പെയ്തിടും വാ മഴയ്"

പരിപാടി കഴിഞ്ഞപ്പോൾ ഞാൻ പെട്ടെന്ന് തന്നെ വീട്ടിൽപോയി. അന്നു രാത്രി കുഴപ്പമൊന്നും ഉണ്ടായില്ല. നന്നായി ഉറങ്ങി.

പിറ്റേന്ന് ഗെയിംസ് ടൈമിനു മുമ്പുള്ള പിരീഡിൽ ഞാൻ ഉറങ്ങിപ്പോയി. പെട്ടെന്ന് വാതിൽ ശക്തിയിൽ അടിക്കുന്നത് കേട്ട് ഞാൻ ഉണർന്നു.

ഞാനും കല്യാണിയും മാത്രം അവൾ എന്നോട് ചോദിച്ചു, "ഈ വാതിൽ ഒന്ന് തുറന്നു തരാമോ?. ഞാൻ ശ്രമിച്ചിട്ട് പറ്റിയില്ല. അത് സ്റ്റക്കായിപ്പോയി.

അവൾ എന്നോട് ഓതി, "സോറി ഞാൻ അങ്ങനെ പറഞ്ഞത് അപ്പോൾ അവിടെ എല്ലാവരും നിന്നതുകൊണ്ടാണ്."

പെട്ടെന്ന് ആരോ വാതിൽ തുറന്നു അവൾ പുറത്തേക്ക് ഓടി.

അന്ന് രാത്രി എന്റെ സൈനിക സ്കൂളിലേക്കുള്ള റിസൾട്ട് കിട്ടി.

അതുകാരണം സ്കൂളിൽ പോയി അവളെ കണ്ട് ഫോൺ നമ്പർ വാങ്ങാൻ കഴിഞ്ഞില്ല.

പിന്നെ എനിക്ക് ഒരു പനി വന്ന് സ്കൂളിൽ പോകാൻ പറ്റിയില്ല. പരീക്ഷ എഴുതാനും പറ്റിയില്ല.

ആ അവധി സമയത്ത് സൈനി കസ്കൂളിൽ പോകാനുള്ള തയ്യാറെടുപ്പിലായിരുന്നു. പിന്നെ കല്യാണിയെ കാണാൻ പറ്റിയില്ല.

പിന്നെ പുതിയ സ്കൂളിലെ അനുഭവങ്ങൾക്കിടയിൽ ഞാൻ കല്യാണിയുടെ കാര്യം മറന്നു. പിന്നെ എട്ടാം ക്ലാസ്സിലായപ്പോൾ പഴയ കാര്യങ്ങൾ ഓർത്തു. പെട്ടെന്നാണ് കല്യാണിയെ ഓർമ്മ വന്നത്.

ഇപ്പോഴും അവളെ ഒന്നു വിളിക്കാനോ കാണാനോ ഞാൻ കൊതിക്കുന്നു.

പക്ഷെ ഇപ്പോൾ ആ പ്രണയം ഒരു ഓർമ്മ മാത്രം.

 Children say No, just five minutes more.
 When parents say it's time to bathe
 Children say 'we want to play.'
 When parents say it's time for school
 Then children say 'I am bathing now'
 When parents say it's time to study
 Children say 'we want to chat with each other'
 When parents say don't run here and there
 The children say 'we want to enjoy'
 When parents beat the children.
 Then the children cry.
 At last the parents go near and soothe them with a hug.

ലഹരിയിൽ അച്ഛനെ മറന്ന മകൻ

"അവൻ ക്ലാസിൽ ശ്രദ്ധിക്കുന്നില്ല പഠനത്തിൽ പിന്നോക്കപോയി. ക്ലാസിൽ വഴക്കുണ്ടാക്കി. അങ്ങനെ അവനെ പ്രിൻസിപ്പലിന്റെ അടുത്തേക്ക് കൊണ്ടുപോയി. അവൻ അവിടെ നിന്ന് പ്രിൻസിപ്പലിനെ ചീത്ത വിളിച്ചു കാര്യങ്ങൾ മൊത്തത്തിൽ വഷളായിതുടങ്ങി."

വളർത്തി വളരുത്തിയ അച്ഛനെ മറന്ന മകന്റെ കഥയാണ് ഇത്. സൂര്യൻ കിഴക്ക് ഉദിച്ചു, തണുത്ത ഇളം കാറ്റ് വീശി, കിളികൾ ചിലച്ചു തുടങ്ങി. കുന്നിനരികിലെ മണൽ പൊങ്ങി തുടങ്ങി. അവൻ ഉറക്കമെഴുന്നേറ്റു, അവൻ അന്ന് അഞ്ചാം ക്ലാസിലായിരുന്നു, അച്ഛൻ ആയിരുന്നു അവന്റെ ജീവൻ. അച്ഛൻ പറയുന്നത് അടിക്കപടി തെറ്റാതെ അവൻ അനുസരിക്കും. രണ്ടാംവയസ്സിൽ അമ്മ മരിച്ചതോടെ അവന്റെ എല്ലാ കാര്യവും നോക്കിരുന്നത് അച്ഛനായിരുന്നു. ഒന്നാംക്ലാസ് മുതലേ അവൻ ക്ലാസിൽ ഒന്നാം റാങ്കായിരുന്നു. ടീച്ചർ മാർക്കും മാഷ്മാർക്കും തല്ല കൂട്ടിയെ കാണിക്കാൻ അവൻ മാത്രമേ ഉണ്ടായിരുന്നുള്ളൂ. അവന്റെ ക്ലാസിലെ ലീഡർ അവൻ തന്നെയാണെന്നു. എല്ലാ കുട്ടികൾക്കും അവനെ ഇഷ്ടമായിരുന്നു. അങ്ങനെ ഒരു ദിവസം ചീത്ത കൂട്ടുകാർക്കിടയിൽ അവൻപെട്ടു.

അവൻ അവരിൽ നിന്നും അകത്തു മറന്നത് തുടങ്ങി പക്ഷേ സ്ഥായിച്ചില്ല. അവൻ അച്ഛനോട് കാര്യങ്ങൾ പറഞ്ഞു, അച്ഛൻ അവനോട് പറഞ്ഞു ഒരിക്കലും അവരുടെ കൂടെ കൂടുതൽ എന്ന് പക്ഷേ അവർ അവനെ ചീത്ത സ്വഭാവഗീലങ്ങൾ പഠിപ്പിക്കാൻ തുടങ്ങി. അവൻ അതിനെത്തന്നെ തയ്യാറായില്ല. ദിവസങ്ങൾ ഇതുപോലെ കടന്നു നീങ്ങി. അവനെ ലഹരിയുടെ അടിമയാക്കാൻ തുടങ്ങി. അവൻ അതിൽ വീണു പോയി. അവൻ ക്ലാസിൽ ശ്രദ്ധിക്കുന്നില്ല പഠനത്തിൽ പിന്നോക്കപോയി. ക്ലാസിൽ വഴക്കുണ്ടാക്കി. അങ്ങനെ അവനെ പ്രിൻസിപ്പലിന്റെ അടുത്തേക്ക് കൊണ്ടുപോയി. അവൻ അവിടെ നിന്ന് പ്രിൻസിപ്പലിനെ ചീത്ത വിളിച്ചു കാര്യങ്ങൾ മൊത്തത്തിൽ വഷളായിതുടങ്ങി. പ്രിൻസിപ്പൽ അവന്റെ അച്ഛനെ വിളിപ്പിച്ചു. അച്ഛൻ

കോളേജിൽ വന്നു എത്തിട്ട് അവനു മാതി പ്രിൻസിപ്പലിനെ പൊന്നുകണ്ടു. അച്ഛൻ അവനെ കൂടെ വഴക്കു പറഞ്ഞു. അവൻ അതിലൊന്നും ശ്രദ്ധിച്ചില്ല. അച്ഛൻ അവനെ അടിച്ചു. അവൻ തിരിച്ചു അച്ഛന്റെ നേരെ കൈ ഓങ്ങി. അച്ഛൻ സങ്കടം തോന്നി. ഇതയും വളർത്തി വളരുത്തിയ മകൻ എന്റെ നേരെ കൈ ഓങ്ങി എന്നു വെച്ചാൽ ഞാൻ ഒന്നിനും കൊള്ളാത്തവൻ എന്നു മാത്രം വരസ്തവം. അച്ഛനന്റെ ടി.സി. എടുത്ത് വീട്ടിൽ കൊണ്ടുപോയി. അങ്ങനെ അവൻ ലഹരി വീണ്ടും വീണ്ടും ആസ്വദിക്കാൻ തുടങ്ങി. അവൻ അച്ഛനെ മറന്നു തന്നിഷ്ടത്തിനു കാര്യങ്ങൾ കൈകാര്യം ചെയ്യാൻ തുടങ്ങി. വീട്ടിൽ വന്നാൽ തല്ലേണ്ടാക്കുക. നാട്ടുകാരുടെ അടുത്ത് തല്ലേണ്ടാക്കുക. അങ്ങനെ നാടിനുവേണ്ടാത്തവനായി തീർന്നു. പക്ഷേ അച്ഛൻ അവനെ വേണമായിരുന്നു. അങ്ങനെ ദിവസങ്ങൾ കടന്നു പോയി. അച്ഛൻ അവനെ നേർവഴിയിലൂടെ നടത്താൻ തുടങ്ങി. അവൻ പഴയകാലം എന്തെന്നറിഞ്ഞ ആ പഴയ അഞ്ചാം ക്ലാസുകാരനായിത്തീർന്നു. അങ്ങനെ ഇരിക്കെ പെട്ടെന്ന് ഒരു നെഞ്ചുവേദന വന്നത് അവൻ ആറുപുലിയിൽപോയി അവൻ നെഞ്ചുവേദന കൂടുതലായി കൊണ്ടിരുന്നു. അവന്റെ അസുഖം ക്യാൻസർ ആയിരുന്നു. അങ്ങനെ ഒരു ദിവസം അച്ഛനെ മറന്ന മകനെ ഈ ലോകവും മറന്നു.

Youth Exchange Programme BANGLADESH 2011

After the rigorous selection procedures during the RDC-2011 I, U/O Anandhu G.S., was fortunate to be selected as a delegate to represent India in a foreign country as part of NCC Youth Exchange Programme. It was a moment of joy for me when I received the letter from DG NCC intimating that I had been selected to be part of YEP Bangladesh-2011 to witness "the Victory Day celebrations" to be held at Dhaka. On the 1st of December I boarded the flight to Delhi so as to reach there by the same day around 4 in the evening. As the winter had set in, it was very cold in Delhi. It took me a while to get adjusted with the climate there. I reported to the YEP cell on the same day. In the evening we were given a chance to introduce each other and had a briefing about the entire YEP programme by our contingent commander Col. Ajay Gupta, the group commander of Jabalpur, M.P. directorate. In the 10 days that followed, we got to know more of each other and our bond of friendship grew stronger and

stronger. We had a couple of outings in and around Delhi. We had our measurements for the NCC dress taken. In the meantime we also prepared our cultural programme and slide presentation about India which was to be presented in Bangladesh. And finally, the day for us to proceed to Bangladesh arrived. We were all thrilled as it was the maiden foreign trip for almost all of us. On December 11 we proceeded to Indra Gandhi International Airport from where we were to board our plane to Dhaka. After the normal security checks, we boarded the flight and reached Dhaka Hazrat Shahjalal International airport by 3.30pm. We were greeted by Bangladesh NCC cadets and staff at the airport and they accompanied us to our accommodation area near the BNCC

headquarters. They provided us with some light refreshment. At the BNCC headquarters we met our counterparts from Sri Lanka and had an interaction with them. On the next day, that is, the 12th of December YEP Bangladesh was officially inaugurated by DG BNCC and gave us a briefing about Bangladesh. Then we proceeded to Anwar Academy, our first visit in Bangladesh. This is a unique institution as it provides training about all walks of life including military training, disaster management, self defence, etc. to the poor people hailing from villages and other backward communities. This government institution is being well maintained by the Bangladesh Army. On the next day we visited the 'National Martyr's Square' and the Indian High Commission. The

National Martyr's Square is a war memorial built in memory of the brave soldiers who attained martyrdom in liberating Bangladesh in the 1971 war. We then had a cup of tea at the Indian High commission and an interactive session with the members of Indian high commission. On 14th December, our visit was to Bangabandhu Memorial Museum. This was once the home for Sheikh Mujibur Rahman, the father of the Nation of Bangladesh. It was here that this great hero was assassinated during the 1975 military coup. We also had our visit to some historical places. In the evening we had the cultural programme co-hosted by Indian, Sri Lankan and Bangladeshi NCC teams. We were fortunate to have our DG NCC, Lt Gen P S Bhalla as the chief guest for the function. We were filled with joy when we came to know that our programme was one of the most acclaimed events of the evening. The next day was of utmost importance as it was on this day that our visits to all chiefs of the defence force were scheduled. First we visited the Chief of Army Staff and then the Navy Chief followed by the Chief of Air Staff. In the evening we had a formal dinner hosted for the cadets of Indian and Sri Lanka. The boys were out in their Jodhpuri suits and the girls in their silk sarees. We then had an exchange of mementoes and a photo session. The next day was the most important day as it was the Victory Day celebrations. We were seated in the pavilion by 9.00am in the morning. The parade began by the march past of the army, navy and airforce contingents. We were delighted to see our fellow mates of BNCC marching in the parade. The wonderful parade culminated in the skillful, breathtaking air show by the

Bangladesh Air Force. In the evening we were fortunate to attend the reception hosted by the president of Bangladesh, Shri. Zillur Rahman, for the dignitaries. There we also met the prime minister, Sheikh Hassina, and the war veterans of 1971 war. On the next day we had a long journey to Jamuna resort. It was about 80 kms away from the BNCC headquarters. The main attraction of this resort is the Jamuna multipurpose bridge, which is 4.7kms long. The bridge consisted of both railways and roadways as well as the gas pipeline. There we had a river cruise, a memorable and enjoyable one.

After this we had a delightful feast and after a small interaction with the area commander we returned to BNCC headquarters. On the 18th of Dec. We all packed up to leave for Chittagong. It was for the first time that an NCC delegation was moving out of Dhaka. We were all amazed to see the transport that they hired for us. Believe it or not it was a Mercedes S.class sleeper coach! It was a wonderful journey and on the way to Chittagong we got down at Comilla Cantonment which was the commanding post of late Gen Silver, the commander of British Indian territory during world war - II. We then proceeded to Chittagong and we reached the Naval Quarters by around 6.30 in the evening. Later we had a reception hosted by the BNCC cadets of chittagong area. On the next morning we visited the 'War Memorial Museum' where the weapons used during the war were kept. We then proceeded to Bangladesh Military Academy (BMA), where we witnessed the Commandants passing out parade. After the parade we visited the west point, which is the end of Bangladesh

territory. We had our lunch there and enjoyed in the nearby beach. We had an opportunity to ride in a quad bike. The next day was the last day of our trip.

On this day we were taken to the Naval Dockyard where we saw the BNS Umar Farooq, the first ship of Bangladesh Navy. Then we had a sea cruise in Bangladesh naval ship and by noon we were back in Naval Quarters. On the same day we boarded the train which took us back to Dhaka. The next day we had shopping in and around Dhaka and in the evening we were busy thanking our conducting officers and cadets of BNCC. We took each other's contact address as it was time for us to part. The next day, that is 22nd Dec, was a sorrowful day waving goodbye to our counterparts from Bangladesh and Sri Lanka. We boarded our return flight to Delhi at 9.30 am and reached IGI airport by 12.45PM. We were then escorted back to YEP cell. On the next day, since my flight back to Trivandrum was at 2.00PM, I left the YEP cell with a heavy heart, waving goodbye to my friends. I boarded my return flight at 1.30 and reached back Trivandrum at around 7.30 in the evening. The trip was a fun-filled one, and it was the best experience that I ever had in my life. I would like to thank the NCC for organising such a memorable trip for us.

Indian Energy Sector

5340 Harishankar S

The energy sector in India is becoming a growing market for investments. It has seen a large growth in the last few years.

The electricity sector in India has an installed capacity of 185 Gigawatts as of November 2011, the world's fifth largest of the installed capacity. Thermal powerplants constitute 65%, hydroelectric power 21%, and the rest 14% is a combination of wind, biomass, waste - to - electricity and nuclear.

In December 2011 over 300 million Indian citizens had no access to electricity. Over one third of rural population and 6% of the urban population had no access to electricity. To most of the people who have electricity supply, it is intermittent and unreliable. Blackouts and power shedding interrupts irrigation and manufacturing across the country. Electricity distribution network in India is inefficient as compared to other countries. India's network losses exceeded 32% in 2010 as compared to the world average of 15%. Loss reduction technologies if adopted in India can add about 30 GW of electrical power, while simultaneously reducing electricity loss and carbon footprint.

India is the world's fourth largest consumer of electricity, but it currently suffers from a major shortage of electricity generation capacity. The International Energy Agency (IEA) estimates that India needs an investment of at least \$ 135 billion to provide

universal access of electricity to its population.

Power development in India was first started in 1897 in Darjeeling, followed by the commission of a hydropower station at Sivasamudram, Karnataka in 1902. India's electricity generation capacity has increased from about 100GW in 2001 to over 185 GW in 2011. India's growth rates are still less than those achieved by China, and short of the capacity of electricity to ensure the availability of electricity to all its citizens.

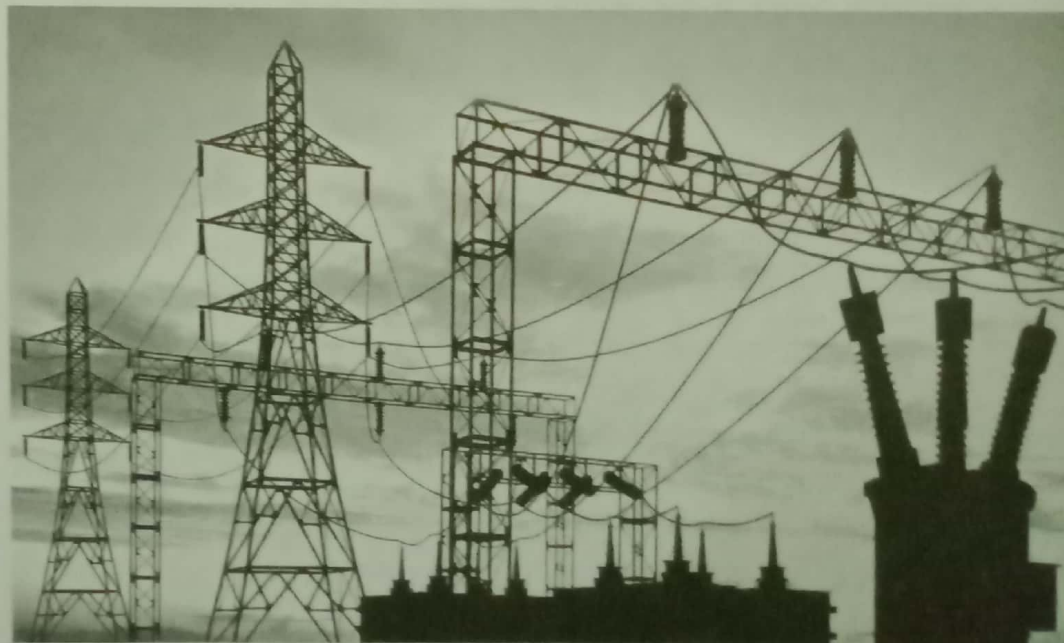

India's energy sector is the world's most active player in renewable energy utilisation, especially wind energy. As of December 2011, India's installed capacity is about 22.4 GW of renewable technology based electricity.

According to Oil and Gas journal, India has approximately 38 trillion cubic feet (Tcf) of proven natural gas reserves. United states energy information administration estimates that India

produced approximately 1.8 Tcf of natural gas in 2010, while consuming 2.3 Tcf. The electricity, power and fertiliser sector accounts for nearly three-quarters of the natural gas consumption in India. Natural gas is expected to be on increase as the country pursues energy security.

The country already produces some coalbed methane and has major potential to expand this source of cleaner fuel. India is estimated to have between 600 to 2000 Tcf of shale gas resources. Despite its natural potential. India has yet to hold licensing round for its shale gas blocks. The traditional natural gas reserves too, have been very slow to develop in India because of regulatory burdens and bureaucratic red tape severely restrict the country's ability to harness its resources.

If India were to use its resources to its full potential, it could say good bye to its energy problems, no doubt.

A Love Story

5213 Adwaith HN

There was a blind girl. She hated everybody except her boyfriend. She used to tell him that, if she had eyes she would marry him. Then after some days someone donated eyes to the girl. She saw her boy friend and was surprised because he was also blind. The boy asked his girlfriend, "Now you have eyes, will you marry me?" The girl was silent for some time and said, "No". The boy came near the girl and told her, "Take care of my eyes, Bye".

കുട്ടുകാർ ഇല്ലാതാകുന്ന നിമിഷം

ഞാൻ ക്രിക്കറ്റ് കളിച്ചുകൊണ്ട് അവിടെ കയറിയപ്പോൾ എല്ലാ കളികളിലും ഞാൻ റൺൗട്ടായി. ഞാൻ റൺൗട്ടായി ഫീൽഡ് ചെയ്തു. കളി തീർന്നു. അപ്പോൾ അർജുൻ. സി. വന്നു പറഞ്ഞു "മതിയാക്കിട്ട് പോടാ" എന്ന്. ഞങ്ങൾ പോകാനൊരുങ്ങി. ഞാൻ റെസ്റ്ററൂംകൊണ്ട് കല്ലുകൾ അടിച്ചു നടന്നു. അറിയാതെ ഞാൻ അടിച്ചുകൊണ്ടിരുന്ന ഒരു കല്ല് തോമയുടെ കാലിൽകൊണ്ടു അവൻ കരയാനാണു പക്ഷെ കരഞ്ഞില്ല. ഞാൻ പറഞ്ഞു "കാലിൽ എന്തുപറ്റിയെന്ന് നോക്കൂടോ..." എന്ന് കൃപ പ്രാവശ്യം പറഞ്ഞു. അപ്പോഴൊക്കെ

അവൻ ദേഷ്യത്തിൽ പറഞ്ഞു. "ഒന്നു പോടോ... ഇനിയൊന്നെ വിളിച്ചാൽ ഞാൻ റെസ്റ്ററൂംകൊണ്ട് അടിക്കും" എനിക്കത് വിഷമമായി. ഞാൻ പിന്നെയും പറഞ്ഞു "സോറിയെടാ..." അപ്പോഴും അവൻ അതേ മറുപടി പറഞ്ഞു.

ഹൃദയത്തിൽ ഞാൻ പെട്ടെന്ന് കുളിച്ചു. പിന്നെ അവന്റെ അടുത്ത് ചെന്നിട്ട് ഞാൻ വീണ്ടും പറഞ്ഞു "സോറിയെടാ..." അവൻ അലറിക്കൊണ്ട് എന്റെയടുത്ത് പറഞ്ഞു. "ഗെറ്റ് ഒട്ട്". ഞാൻ പിന്നെയും ചോദിച്ചു മിണ്ടുമോ എന്ന്.

അവൻ ഉച്ചത്തിൽ പറഞ്ഞു. "സോറിയെടാ... യു ഡോണ്ട് ടോക് ടു മീ എന്ന് ഇംഗ്ലീഷിൽ എനിക്കു നന്നായി വിഷമം വന്നു ഞാൻ കരയാനായി. പക്ഷെ കരച്ചിൽ അടക്കിപ്പിടിച്ച് അവനിൽ നിന്ന് നടന്നു. അവൻ എന്റെയടുത്ത് ഇങ്ങനെ ചെന്നു മറുപടി എന്ന് ഞാൻ വിചാരിച്ചപ്പോൾ എപ്പോഴെങ്കിലും തോമ എന്റെയടുത്ത് മിണ്ടിയിരുന്നെങ്കിൽ എന്ന് ഞാൻ ആഗ്രഹിക്കുന്നു. ഫ്രണ്ട്സ് നഷ്ടപ്പെടുമ്പോൾ അനുഭവിക്കുന്ന വേദന അതികഠിനമാണെന്ന് ഞാൻ മനസ്സിലാക്കി.

I saw a beautiful garden,
Where I faced many a burden,
I saw a garden snake
But actually it was a fake
The garden had many colourful flowers,
And so it had numerous powers,
I saw a damsel dancing between the flowers,
While the jasmine scent came across the field,
The smell to make a way into my nose,
I stared at the damsel dance,
To get a chance for a glance
But it was of no use,
She made me confuse,
She didn't grace me with a look,
So I couldn't embrace her with another glance,
Wake up! Wake up! I heard a loud scream,
It was all just a dream!

THE REPUBLIC DAY CAMP 2012

An Ever Lasting Experience

5032 **Eldho Jacob**

Those days are gone from me and a few others of this state, Kerala. The days on which I sweated in each second of the hot sunny climate of this state. It was only for one single goal, the Republic Day camp at Delhi.

The tough and strenuous training of the drill and cultural events started from the first camp itself in which 12 JD and 24 SD cadets of this prestigious institution participated. From the hard and tough selection camps held at Calicut. Finally 104 were selected to represent Kazhak at Delhi, out of which 5 were Kazhaks. On 28th Dec 2011 we boarded the Kerala express at 1130 hrs to Delhi with the songs of josh and the motto- "hum Dilli Jayenga".

We reached Delhi on 31st Dec. 2011 by around 1430 hrs. It was freezing cold in Delhi. All of us kept ourselves warm with sweaters. From the railway station we were taken to the Republic Day camp site in a bus. After a 3 hour

long journey, we entered the beautiful 100 acre RD village. We were received by a group of officers and each one of us still remember the taste of the hot coffee and the pastries we got at the reception.

From the very next day onwards the Inter state competitions of drill and cultural events started. First of all was the drill competition in which I was lucky enough to represent the state. It is hard to believe for anyone that each day cleanliness competition was held at the camp. Likewise the days of competition went on. At last the D-day came, the 26th January. I take pride in saying that one of our kazhaks Sgt-Shiva-Sasidhar marched on Rajpath in front of the PM of Thailand Mrs. Yingluck Shinawatra and the president of India. On 28th Jan DG's awards were announced. Again kazhaks proved their worth. Sgt. Ronnie T. Jacob was adjusted the 2nd Best cadet at All India Level. Sgt. Bivin V

participated in the PM rally and Cdt. Santhosh Kumar Besra was the right marker of JD drill team. Another interesting fact is that totally around 50 cadets from various Sainik Schools attended this year's RDC. Also the present DG NCC, Lt Gen P.S. Bhalla is an old boy of Sainik School Kunjpura.

On 31st Jan we boarded the Kerala express and by 2nd Feb around 1045hrs we reached Trivandrum. We were given warm welcome by Ministry of Education, Govt of Kerala, as well as NCC directorate, Kerala and Lakshadweep.

Some good things about the RDC is that, at Delhi each day you will be interacting with officers of high rank. I am sure it will increase your motivation level and also your self-confidence. "Motivation and self confidence are the corner stones of success. So, I will be failing in my duty if I don't acknowledge the help of officers, Teachers, NCC instructors and PI staff, who ran behind the stage for gearing up the Kazhaks for this mission.."

skirt and red top. I could identify her from far away but she was still looking for me. I went close to her and asked "Are you the owner of this mobile?" Within a second she took back her mobile from my hand and thanked me twice. She introduced herself to me saying that she was studying in 10th. I didn't mind her being one class Junior. She also asked about me. In between the conversation I couldn't count the number of thanks from her. We almost talked for 20 minutes. Then she at last asked my contact number. Then I turned back and kept my right leg on the pedal. Again she asked, "Don't you have any contact number?" I went 10 metres away from her and turned back and said "I already have added my contact number in your mobile. Once again I turned and saw she was smiling and waving her hand."

It was a pleasant and calm morning. I took my cycle and went to Gandhimaidan (Park) as it was my usual daily routine. That day also I found that many people young and old were indulging in some activity. All the young men playing cricket, while girls and ladies were doing yoga. All the old people were walking around. I came to the centre of the park. Then suddenly I noticed a mobile on the ground and immediately I took it. Before keeping in my pocket, I looked around to see if there was anyone looking at me. Slowly I kept that mobile in my pocket went away with my cycle to outside the park. As soon as I was out of the park, I peddled my cycle fast reach my home frankly speaking I didn't know what to do with

that mobile. My mind changed and planned to give it back to the owner. Moreover being a Sainik School cadet there was no other option for me. I reached home and said to my mother and sister about this pleasant morning.

I switched on the mobile, I saw that the wallpaper was of Katrina Kaif. My sister asked, "What are you going to do with this mobile?" "I will give this to the owner," I replied. Soon the mobile rang and I heard a girl's voice: I moved away from my sister and mother to have a private talk with her. She requested to give back her mobile. I told her, I would give it back. So again I went back to the entrance of the park, where she called me. Once again mobile rang and she told her dress code. She was in pink

ഗ്രാസി നഗറിലെ മൂന്നാം നമ്പർ വീട്ടിലാണ് ഇവന്റെ താമസം. ഇവന്റെ പേര് രഘു. അച്ഛൻ, അമ്മ, അനിയത്തി എന്നിവരോടൊപ്പമാണ് താമസം. ക്ഷമിക്കണം! രഘുവിനെ വിശേഷിപ്പിക്കാൻ മറന്നു. ഇവനാണ് നമ്മുടെ കഥാനായകൻ. സുന്ദരൻ, വെളുത്ത നിറം, നല്ല ശരീരം, എന്നു വേണ്ട എല്ലാ ഗുണങ്ങളും ഉള്ള ചെറുപ്പക്കാരൻ. ഡിഗ്രി കഴിഞ്ഞ് നിൽക്കുന്നു. ഏതെങ്കിലും കോളേജിലോ യൂണിവേഴ്സിറ്റിയിലോ കയറി പഠാനുള്ള തത്രപ്പാടിലാണ്. കാലത്തും വൈകിട്ടും എല്ലാം ക്ലാസ്സ് തന്നെ. ഇതാണ് നമ്മുടെ രഘുവിന്റെ ജീവിതം.

ഒരു ദിവസം പതിവുപോലെ അവൻ ക്ലാസ്സിന് പോവുകയായിരുന്നു. ശ്രീകാര്യം എത്തിയപ്പോൾ ബസ്സിൽ ഒരു പെൺകുട്ടി കയറി. ഇവളാണ് നമ്മുടെ കഥാനായിക. പേര് സന്ദേഹ. നല്ല ഐശ്വര്യമുള്ള മുഖം, നല്ല കണ്ണുകൾ, നീണ്ട മുടി, അങ്ങനെ പലതും. നമ്മുടെ രഘുവിന് അവളെ ആദ്യകാഴ്ചയിൽ തന്നെ ഇഷ്ടപ്പെട്ടിരുന്നു. അവൻ അവളിൽ നിന്ന് കണ്ണെടുക്കാനേ തോന്നിയില്ല. അവന്റെ ശ്രദ്ധ

Ride on a roller Coaster!

5283 Sreeram Anil

Whenever somebody asks me to relate an experience that I can never forget, hundreds of different experiences come to my mind. But, there is one experience which I would consider to be the most unforgettable and scary. It was the first time I rode on a roller coaster. Why? The fear and anxiety that I felt is beyond one's imagination. Let me recall the whole incident.

It was a scary day. I woke up early in the morning. The room that came into my view was unfamiliar. "Wired!" I thought to myself. "Why couldn't I recognise my own room?" After a while, I remembered, "I'm in Cochin."

"We are going to Veega-land today." My sister's voice interrupted my thought. I couldn't understand why there was a sense of happiness in her cheerful voice.

I wasn't always excited to visit a theme park. But, I don't want to dampen my sister's happiness and excitement. The moment we reached there, my sister suggested, "Let's go for a ride on the roller coaster. I've heard so much about the roller coaster and I am dying to try it!"

I've always been fascinated by carnival rides, but seeing the huge monstrosities that would throw people in the air in all directions never sat well with me. "No way, man. I don't want to be scared to death!" I, 9 years old then, protested, shaking my head from left to right as hard as I could.

"Come on brother! Mom, can we go?" my sister asked. I could never understand why people craved to be tossed through the air like vegetables in a blender, instead of enjoying the peacefulness of the ground!

"No! No! No!" I answered. But, my sister didn't give in. She begged my mother until she said, "Okay, go on."

biggest roller coaster that stood in front of me did amaze me.

"Hurry up!" urged my sister. I followed her unwillingly. I was more nervous when I saw the sign "CAUTION". My sister led me to where the person-in-charge showed us our seats. I sat on my seat reluctantly.

"Relax and take it easy!" my sister

Without wasting a second, my sister dragged me to where the roller coaster was. I was really nervous. "Wow!" my sister cried out loudly. She couldn't hide her surprise. "This is the biggest roller coaster I have ever seen." I agreed with her in my heart. The

tried to comfort me, but it did not help. I nodded obediently and managed to flash her a smile.

After a while, I heard a siren that warned us that the scary trip was to begin. I shut my eyes tightly. Both my hands seized the seat so tightly that they

The Unhealing Touch

4517 Vijin V R

There was a little boy with a very bad temper. One day his father gave him a bag of nails and told him that everytime he must hammer one nail into the wooden fence surrounding their home.

The boy did as he was told. On the first day he drove 30 nails into the fence and found it was hard work. He tried to control the temper and as the

days passed he needed to drive fewer nails into the fence. Finally a day came when he didn't lose his temper at all. He rushed to his father to tell him the good news. The father now suggested that the boy pull one nail each when he was able to hold his hard temper. The days passed slowly finally the boy was able to tell his father all nails were gone.

The father took his son by hand and led him into the fence. He said "you have done well, my son, but the fence will never be the same again. When you say a thing in anger, they leave scars just like you say you are sorry, the wound still remains there."

ached. I guess I was panicky. I tried to calm myself down but in vain. I heard people shouting excitedly. They were so eager to begin.

Finally, I felt the roller coaster move slowly at first, then faster, faster, and faster as it began to pick up speed. I felt my stomach turning upside down. It moved so fast that I nearly fell from my seat. I felt sweat streaming down from my face and my forehead. My heart was pounding loudly. I regretted taking a ride on this scary thing.

"When will this big stupid caterpillar stop moving? Slow down,

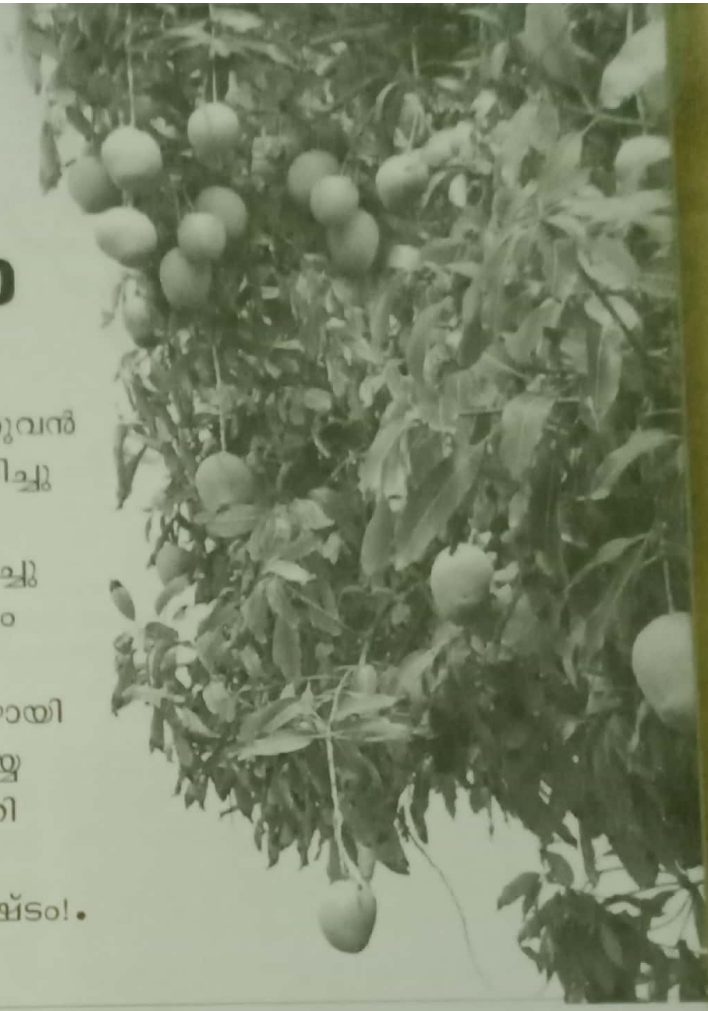

slow down or I'll get a heart attack." I pleaded in my heart but the roller coaster refused to listen to my pleas. I heard people screaming crazily. It was driving me nuts. The roller coaster, swung to the left and then to the right. It swung so hard that my head knocked against the front seat. When the roller coaster slid down from the highest peak, it was the most frightening part of the whole trip. My eyes were wide open. My heart stopped beating. I screamed at the top of my voice.

The fifteen minutes ride on the roller coaster was like fifteen years to

me. My face was as pale as a corpse when I came down from the roller coaster. I buried my face in my hands because I felt that the world was spinning. My parents rushed to me when they sensed something was wrong with me. My whole body was trembling and my mouth was empty when I tried to speak. My hands were ice cold. From that moment on, whenever people mention roller coaster a chill runs through my spine. I think that was the most unforgettable experience in my life.

One Creepy Afternoon

Frends what will be your reaction if any 'Reptile' a live or dead falls on your body. You can't imagine that, right? But this happened to me in my life. And this is not a lie, it's a real life story.

It was a normal afternoon. After finishing my meals, I came back to house. But suddenly I felt that something was not okay. I saw my friends going to their bed and falling asleep fast instead of talking or reading. I felt very lonely. I looked around me. I couldn't hear any body talking. After sometime I saw someone coming. I saw one of my friends coming back to the house after calling his parents. I felt happy that at least I got one boy to talk to. As part of friendship he shared his snacks with me and I shared a book with him. We were very excited talking and reading. Without disturbing anyone sleeping we moved to the corridor side of central path and settled down. We were so busy in talking that we were not concentrating on the things happening near us. After sometime, I took out my pen from the pocket for marking some points in the book. Suddenly my eyes fell on a creature wobbling on the ground. It was grey in colour, very long and thin. It coiled on the ground. I thought it was a leech. But my mind didn't accept it. Then I saw it's head touched the foot wear of my friend. Then suddenly I came to a know that the creature was nothing but a long snake.

When it coiled it self and got ready to attack my friend. I shouted at the top of my voice "Snake..... Runnn." We jumped on the corridor. I saw that the snake was very angry. Two boys were not sufficient for killing that reptile. So we took the help of some seniors. One of the seniors was very excited after hearing the name snake. He came running towards the long reptile and took a big stone and threw on the creature- BLAM!!!. But the snake escaped somehow. One of the stones fell on the snake's tail. It was unable to move forward. I can still see that scene in front of my eyes. When the tail was stuck all of them covered it's body with big stones. Many boys gathered there. After sometime we thought it died. One of the boys with a stick removed a stone and we were astonished to see that the snake survived the pressure of the stones. One boy told that he was going to crush the head of the snake. The boy crushed it's head till he could see the creature stops wobbling. Then he removed all the stones from it's body. He thought of a mischief and started

playing hockey with it. We were standing on the corridor and was watching what was happening. At that time that boy scooped the snake with the stick like a hockey ball. The snake flew in the air. We thought it would fall on us and we ran shouting. My friend ran and looking at me and splash!!! The snake fell on my head and started to swing. The blood was all over my face, it's head entangled in my fingers, the body on my head and what not. I threw the snake down in a quick action and ran two times around the house shouting 'Aaaah.....!!!'

I ran to the tank, took a bucket of water and poured over my whole body. I was shivering like a small child who had seen a ghost in the midnight. I applied the soap again and again on my face and hair till I was satisfied. The snake was carried on a stick followed by all the boys. It was looking like a grand funeral procession of the richest person on earth. After that I realised that the uncomfortable thing that stuck in my mind was nothing but the thing which stuck on my head. •

As you know, right now sitting on earth, a space rover called Curiosity, on board a rocket called the Atlas V is speeding away towards Mars. Curiosity is also called the Mars Science Laboratory or MSL in short. It is going to explore if Mars is habitable.

The Mars Science laboratory, christened Curiosity, was launched on the 26th of November 2011 from Cape Canaveral in Florida. It will land in the gale crater on Mars in August 2012 if everything goes according to plan.

The rover weighs almost two thousand tons, more than the last three Mars rovers put together, and so landing it on Mars will be a challenge. Two thirds of previous mission sent to Mars have either crashed or lost contact with the earth. Methods like airbags to cushion a free fall will not work, given the weight of Curiosity.

The Journey to Mars

To solve this problem NASA has designed an ingenious rocket 'sky crane' that will hover above the surface and lower the rover gently down to the Martian surface.

In short Curiosity will revolutionise our understanding of Mars. The data about the atmosphere and weather collected will take us closer to being able to send a manned mission to Mars. The European space agency plans to perform this by the year 2030.

The year 2012 looks to be an exciting year for space exploration. There are various missions which may be headed towards new discoveries,

starting off with our neighbour planet Mars.

It is carrying a large collection of instruments to Mars. These instruments are among the most sophisticated technology ever sent to space. In fact the instruments are so numerous and so varied in function that NASA has likened the rover to a living creature in a warm box that protects the circuits and controls the temperature inside. The 'brain' of the box is the computer onboard. The rover has a robotic arm that will work much like a human geologist would, scraping and collecting samples.....

The dawn space craft look off from earth in 2007. It then flew towards Mars when passing Mars in 2009. It received a boost to its velocity from Mars gravitational field. It reached Vesta in July 2011. It is due to take off from Vesta in June 2012 and start its journey towards Ceres..

The Satisfied Man

So quietly I came out
 from a belly so stout
 just crying all day
 I eat and I lie

I sit and I stand
 I drink and I chew
 I will walk with no hand
 and I've teeth met a few

My desire was to learn
 New I've learnt to earn
 With many an evaluation
 I made a graduation

To a girl I got married
 A son I got later
 The wife is now worried
 I've more duties than the latter

My son is now earning
 Our choices are now charming
 The girl he's gonna marry
 Should be pretty like a fairy.

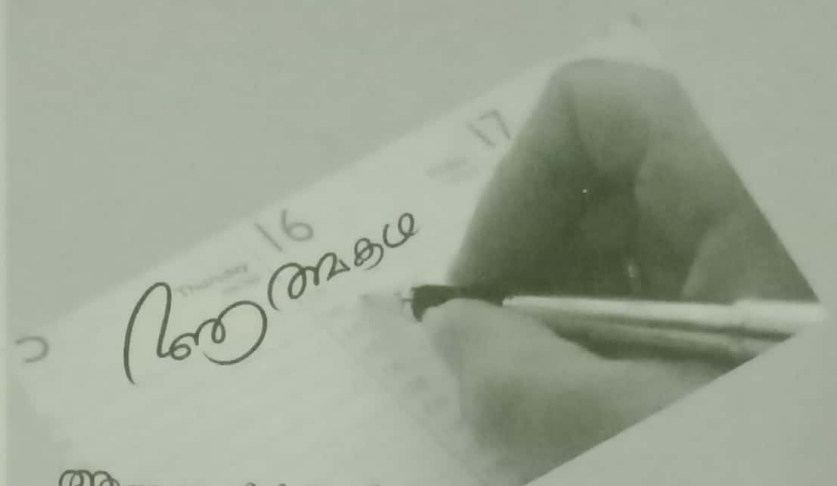

We found out one soon
 The marriage all done.
 Just like a great boon
 A grand child I got one

I'm content I'm proud
 I stand bold in a crowd
 Surrendered to grey hair
 I rest on chair

Lay resting forever
 Six feet behind my home.
 So quietly I go back
 The way I had come..

ആത്മകഥയിൽ ഞാൻ ഒരു പാപി
 കൊടും പാതകങ്ങൾ ചെയ്തവൻ
 തെറ്റൊന്നാ ശരിയൊന്നെന്നറിയാത്ത പിഞ്ചു
 ബാലൻ

വിധിയുടെ മുമ്പിൽ പകച്ചു
 നിൽക്കുന്നവൻ ഞാൻ
 വിധിയുടെ വിളയാട്ടത്തിൽ
 തകർന്നു പൊയൊരു പിഞ്ചു
 മനസ്സേന്തുന്ന ബാലൻ
 ലോകത്തിനു മുമ്പിൽ
 എട്ടും പൊട്ടും തിരിയാതെ
 പകച്ചു നിൽക്കുന്നവനാണ് ഞാൻ..
 വർഷ വർഷാന്തരം അലഞ്ഞു
 ഞാൻ അന്നു പാനീയങ്ങൾക്കു മീതേ.
 പണത്തിനായ് എന്നുമെന്നുള്ളും
 കുതിച്ചു ഒരശ്വമേധത്തെപ്പോലെ
 മാനവരുടെ ജീവൻബലി
 കൊടുത്തു ഞാൻ കാൽ
 പണത്തിന്റെ അത്യാഗ്രഹത്തിൽ
 പ്രായചിത്തത്താൽ എൻ മനം വിങ്ങി.
 ഏതു ഗംഗയിൽ മുങ്ങിയാൽ

My Friend

4915 Arjun Raj

Oh! my friend, you are my partner
Come with me, my shadow
Over the meadows and over the bridge
Come with me, my friend!
You are my Best friend forever
You will be with me
In my whole life, though
You tend to move away from me you can't
Because you are my best friend
And then I won't allow you to go
Come with me in my life as well
Though I have a lot of friends
They make me alone at times dear,
Share my sorrows and pains
And make my life a worthy one..

The Ghost

Once I was lost
in a forest path
I tried to recover, but in vain
And if luck lightened it's worth.

I walked on and on,
And the path became lone
The moonlight shone,
And behind the clouds it was gone.

I saw in the moonlight,
Such a wonderful sight
A house with such a height,
Stood with all its might.

I thought I was right,
To enter the house
I was afraid and told myself to fight,
And not to be such a cowardly louse.

The inside of the house was a host
Such that the beauty was ablaze
and once again I was lost,
in this scary maze.

My senses were right,
Or were they wrong
I tried with all my might,
To concentrate all along.

I saw something move,
Or was it my imagination?
One moment it was there
And the next second it was gone.

A lazy white figure was in front of me,
With skirts that stretched up to her knee
And there was evil in her eyes
And I knew it was the end of me.

And all at once I saw a sight,
In the darkness, there was light!
Not just an ordinary light but a tube light
which made me jump and fall.
Getup! Getup! I heard my sergeant call.

Rising of Confidence

One of the crucial aspects of life that has an impact on everything is "confidence". It plays a major role in education, work and bringing up of your friendship. To achieve confidence we can do many things and if you succeed in it then your future is brightly written. Confidence means we should be ready at all times to face any problems or challenges. We should Adopt a role model whom we believe to be our best choice. We should accept criticism and try not to fight with anyone. Knowing our limits achieve confidence step by step. Don't ever even think about your past but live in today's world. Appreciate

yourself and accept compliments from others. Be your own best friend. Turn out should be proper whenever you go in front of a crowd of people. And if you believe in these then your success is a fixed..

My First Cross-Country Race

My first cross country race was when I was in 7th standard. I got up early and wore my house colour T-Shirt with full pride and self-confidence. We knew that the house victory depended on us. I entered the parade ground seeking blessings of all the gods, especially Jesus. With my heart full of courage I went straight to the starting point. My house master came to us and gave us instructions. Of course our appointments were the brain behind it. The whistle was blown and all the 6th standards cheered us. It was one of my unforgettable moments. I was biting my collar so that I would not suffocate. But after the parade ground, I got angry and left my collar.

I ran and reached the quarters, I saw Jayesh some 50m ahead of me. I surely thought I would reach the first enclosure. The race was getting tougher

and the destination was far ahead. Blood flowed faster through my nerves and I tightened my fist, took lead. The race was the same like our life- full of bushes, rocks, pits etc. The main part is that we should over come it. Soon I reached inside where our cadets call it "forest" My seniors used to scare us telling that while they ran the cross country, they saw fox, jackals, snakes etc. But there I did not find anything. Then my common sense started telling me " You better concentrate on your race or else sometimes our house may not get the trophy". My concentration was fully on the race.

At last I reached out of the forest and swimming pool. It is a turning point of race. Any thing can happen at any time. I was afraid through out the race that I would be pushed by some one else. I reached near the game store.

There I saw Subham Sinha & Anchan near me. When I entered the parade ground, Himanshu had just entered the enclosure and was the first boy to reach. Mean while Adarsh and Jayesh had finished the race, followed by Rahul Ranjan. At last I finished the race, reaching the 1st enclosure. It was the first cross country of my life. Though our house was Runners up, in my mind we were the champions. I will keep in mind that cross country where the 7th standards showed their might in front of their juniors and continuously encouraged them to keep up the same spirit.

LEARNING FROM WOMB TO TOMB

4778 Ananthakrishnan R

"Men commonly think according to their inclinations, speak according to their learning, but act according to their custom". These famous words are from the famous writer Francis Bacon. It means that the day we are born, we are made to have conditions and terms. We start getting constant inputs from the parents teachers, elders and various other influences. These influences play a major role in shaping our personality.

Most people in this world have grown up thinking that their future and its possibilities are limitless, but they reach adulthood by taking things offered by the world. Along the way, over the years of upbringing, the negative effects of being told "You are a clum", "Don't over estimate your ability", "Don't be too optimistic" and many other statements regarding one's ability and nature result in individual is thinking that many things

are impossible. They are not even worth trying. In fact one forgets that every one has his or her own abilities. You should

therefore give it a second thought and avoid getting trapped in this conditioned thinking. Remember the quote by the philosopher Aristotle "Learning is not a child's play, we can't learn without pain".

Develop the habit of positive thinking. There may be some skills which you might have failed to master but by simply brooding over it you can avoid negative tendency.

You have to question yourself before allowing a negative tendency. The Question is. "Is that really true". Everytime you question you learn a new thing. It is your true learning that leads you to the greatest rollercoaster - "The life". A great man has summoned the experiences of life in one line "The wisest mind has something yet to learn". In fact we have never learnt anything which is complete in itself. We learn a little and forget so much. It is the only treasure which follows its own path everywhere. So it is clear why you have to take whatever pain possible to enrich your knowledge.

Avoid Tension

The moment you are in TENSION
 You will lose your ATTENTION
 Then you are in total CONFUSION
 And you feel IRRITATION
 Then you'll spoil personal RELATIONS
 Ultimately you won't get CO-OPERATION
 You'll make things a COMPLICATION
 Then you BP might raise a CAUTION

And you may have to take MEDICATION
 Instead try to think about the SOLUTION
 Many problems will be solved by DISCUSSION
 Which will be better in your PROFESSION
 Don't think it's my free SUGGESTION
 It's only for your PROTECTION
 If you understand my INTENTION
 You'll never be in TENSION.

ദൃശ്യമാധ്യമങ്ങളുടെ സ്വാധീനം വിദ്യാർത്ഥികളിൽ

4512 ഓഹുൽ കൃഷ്ണ

മാധ്യമങ്ങൾ വിദ്യാർത്ഥികളുടെ സ്വാഭാവികരണത്തിൽ ഒരു പ്രധാന പങ്കുതന്നെ വഹിക്കുന്നു. ദൃശ്യമാധ്യമങ്ങളുടെ കടന്നുകയറ്റം പഠനത്തിനുള്ള സാധ്യതകൾ വർദ്ധിപ്പിച്ച് ഒരു വിജ്ഞാന സഹോദരനായി സുതന്നെ വഴിയൊരുക്കിയിരിക്കുന്നു. അറിവുതേടിയുള്ള നിരന്തരമായ യാത്രയ്ക്കിടയിൽ ദൃശ്യമാധ്യമങ്ങൾ കുട്ടികൾക്കു വഴികാളിയായകുന്നു.

"നാൾ ക്രമാൽ തന്റെ ശബ്ദം ചവിട്ടിപ്പോകുന്നൊരിപ്പോക്കുയാൽ വേരടോ".

പ്രശസ്ത കവി നാലുപാട്ടു നാരായണമനോന്റെ 'കണ്ണുനീർത്തുള്ളി' കൾ എന്ന കവിയുടെ വരികളാണ് ഈ വരികളുടെ സൗന്ദര്യമാസരിക്കുന്നതിനോടൊപ്പം ഇതിലൂടെ കവി എന്താണുദ്ദേശിച്ചിരിക്കുന്നതെന്നും നാം മനസ്സിലാക്കേണ്ടിയിരിക്കുന്നു. മനുഷ്യൻ തന്റെ ഉൽപ്പത്തിയുടെ വഴി കണ്ടെത്തിയ പലതും മനുഷ്യനെ നാശത്തിലേക്കു നയിച്ചു കൊണ്ടിരിക്കുന്ന ഈ കാലഘട്ടത്തിൽ കവിയുടെ മനസ്സിലുണ്ടായ ഈ ആശയം വളരെ പ്രാധാന്യമർഹിക്കുന്നതാണ്.

മാധ്യമങ്ങൾ വിദ്യാർത്ഥികളുടെ സ്വാഭാവികരണത്തിൽ ഒരു പ്രധാന പങ്കുതന്നെ വഹിക്കുന്നു. ദൃശ്യമാധ്യമങ്ങളുടെ കടന്നുകയറ്റം പഠനത്തിനുള്ള സാധ്യതകൾ വർദ്ധിപ്പിച്ച് ഒരു വിജ്ഞാന സഹോദരനായി സുതന്നെ വഴിയൊരുക്കിയിരിക്കുന്നു. അറിവുതേടിയുള്ള നിരന്തരമായ യാത്രയ്ക്കിടയിൽ ദൃശ്യമാധ്യമങ്ങൾ കുട്ടികൾക്കു വഴികാളിയായകുന്നു.

മാധ്യമങ്ങളുടെ തുറക്കൽ കണ്ണുകളിൽനിന്നായിരുന്നു. ഇന്ന് അത് കമ്പ്യൂട്ടറിലും, ടിവിയിലും, ഇന്റർനെറ്റിലും വരെ എത്തിയിരിക്കുന്നു. ദൃശ്യമാധ്യമങ്ങളുടെ കടന്നുകയറ്റം കുട്ടികളുടെ ചിന്തകളെ പ്രോത്സാഹിപ്പി

ക്കുന്നു. ചിന്തകളിലൂടെ പുതിയ പുതിയ ആശയങ്ങളിലേക്ക് വഴിതെളിക്കുന്നു. അത് ശാസ്ത്രം അടക്കമുള്ള പല മേഖലകൾക്കും മുതൽക്കൂട്ടായി മാറുന്നു. ഇത് രാജ്യത്തിന്റെയും മനുഷ്യരാശിയുടെയും തന്നെ വളർച്ചയ്ക്ക് മുതൽക്കൂട്ടായി മാറുന്നു. വളർന്നുവരുന്ന വിദ്യാർത്ഥി സമൂഹത്തിന് ഇത് ഒരു പ്രചോദനമായി മാറുന്നു.

കമ്പ്യൂട്ടറിന്റെയും ടിവിയിലൂടെയും സഹായത്തോടെ കുട്ടികൾ ഇന്ന് പഠ

നത്തിന്റെ പുതിയ തലത്തിലേക്ക് നീങ്ങിക്കൊണ്ടിരിക്കുകയാണ്. അതേത്തിന്റെ ഏതു കൊണ്ടിട് നടക്കുന്ന സാമ്രാജ്യം വീരൻ അർത്ഥിയാൽ മുന്നിൽ എത്തുന്ന കാലത്താണ് നാം ഇപ്പോൾ ജീവിക്കുന്നത്. മാത്രമല്ല കുട്ടികളുടെ പഠനത്തിനും സ്വാഭാവികരണത്തിനും ആവശ്യമായ എല്ലാ വിവരങ്ങളും ഇന്ന് കമ്പ്യൂട്ടറിൽ ലഭ്യമാണ്. ഇന്ന് മാതൃപിതാക്കൾക്ക് കുട്ടികളുടെ സംശയങ്ങൾ നിവാരണം ചെയ്യാൻ പുസ്തകങ്ങൾ പരമ്പരാവശ്യമില്ല. കുട്ടികൾക്ക് തങ്ങളുടെ പ്രോജക്ടുകൾ ചെയ്യാൻ പുസ്തകശാലകളിൽ അനേകം മണിക്കൂറുകൾ ചിലവാക്കേണ്ട ആവശ്യമില്ല. കാരണം ഇന്ന് എല്ലാം ഒരു വിരൽത്തുമ്പിൽ ലഭ്യമാണ്.

മുനിൽ ഒരുങ്ങുന്ന യന്ത്രങ്ങളാണ്. ആരോഗ്യമുള്ള ശരീരത്തിലേക്ക് ആരോഗ്യമുള്ള മനസ്സുണ്ടാവൂ എന്നു നല്ലൊരു കാര്യമാണ്. ഇന്നത്തെ മിക്ക കുട്ടികളുടെയും മനസ്സ് ആരോഗ്യമില്ലാത്തതാണ്. കാരണം പണ്ടത്തെ കുട്ടികൾക്ക് കളിക്കാൻ സമയമുണ്ടായിരുന്നു. ഓടിയും ചാടിയും ഉത്സാഹത്തോടെ നടന്നിരുന്ന അവരുടെ ശരീരം ആരോഗ്യമുള്ളതായിരുന്നു. എന്നാൽ ഇന്നത്തെ കുട്ടികൾക്ക് കളിക്കാൻ സമയമില്ല. കമ്പ്യൂട്ടറിന്റെയും ടിവിയിലൂടെയും മുനിലകപ്പെട്ട കുട്ടികൾ ഇന്ന് കായികരംഗത്തിന് പൂർണ്ണ വിലയാണ് കൽപ്പിച്ചിരിക്കുന്നത്.

ടിവിയിലും കമ്പ്യൂട്ടറിലും മാറി മാറി വരുന്ന ദൃശ്യങ്ങൾ കുട്ടികളുടെ കണ്ണിനെ കാര്യമായിത്തന്നെ ബാധിക്കുന്നു. ചെറുപ്രായത്തിൽ തന്നെ കണ്ണിന്റെ കാഴ്ചശക്തി കുറയുന്ന ഇവർ ശേഷിച്ച ജീവിതം മൊത്തം കണ്ണടയും വെച്ചുകൊണ്ടു നടക്കേണ്ട ഇടവരുന്നു.

ടിവിയിലും കമ്പ്യൂട്ടറിലും മൂലകിയ കുട്ടികൾ വഴിതെറ്റാനുള്ള സാധ്യതയും കുറവല്ല. അശ്ലീലചിത്രങ്ങളും മറ്റും കാണുന്ന കുട്ടികൾ ഇതിന് അടിമപ്പെട്ടുപോകുന്നു. മാതൃമല്ല ഇന്റർനെറ്റിലും മറ്റും പതിയിരിക്കുന്ന ഭീകരർ ഇവരെ അടിമപ്പെടുത്തുന്നു. അങ്ങനെ ഈ വിദ്യാർത്ഥികളുടെ ജീവിതം അന്ധകാരം നിറഞ്ഞതാകുന്നു.

ഇന്റർനെറ്റും മറ്റും ദൃശ്യമാധ്യമങ്ങളും മനുഷ്യന്റെ നന്മയ്ക്കുവേണ്ടിയാണ് രൂപകൽപ്പന ചെയ്തിരിക്കുന്നത്. എന്നാൽ ഇതുതന്നെ ചിലപ്പോൾ മനുഷ്യന്റെ നാശത്തിന് തുടക്കമിടാം. ഇവിടെയാണ് ആദ്യപറഞ്ഞ കവി നാലപ്പാട്ട് നാരായണൻ വരികൾ പ്രാധാന്യമർഹിക്കുന്നത്. വിദ്യാർത്ഥികളായാലും മുതിർന്നവരായാലും സ്വയം ശ്രദ്ധിച്ചില്ലെങ്കിൽ ജീവിതം തന്നെ താറുമാറാകും. അതിനാൽ ഇനിവരുന്ന തലമുറയെക്കുറിച്ച് ഈ ദൃശ്യമാധ്യമങ്ങളെ നല്ല കാര്യങ്ങൾക്കായി ഉപയോഗിച്ച് മാതൃകാത്തിന്റെ ഉത്തമ പൗരന്മാരാകട്ടെ പഠനമുക്ക് പ്രാർത്ഥിക്കാം. • ജയ്ഹിന്ദ്

ഇന്ന് ഏതൊരു രംഗമെടുത്താലും ആ രംഗത്തെല്ലാം മത്സരമുണ്ട്. ദൃശ്യമാധ്യമങ്ങൾ ഇതിൽ വലിയ ഒരു പങ്കുവഹിക്കുന്നു. അറിവിന്റെ അളവുകൂട്ടുന്നതോടെ മത്സരവും കൂടുന്നു. ഇതിനാൽ ഒരു വിഷയം അന്വേഷിച്ച് ആഴത്തിലുള്ള അറിവുപുറപ്പെടുവിക്കേണ്ടത് അത്യാവശ്യമാണ്. ഇതിന് ദൃശ്യമാധ്യമങ്ങൾ വിദ്യാർത്ഥികളെ വളരെയേറെ സഹായിക്കുന്നു. ഇന്ന് ഏതൊരു വിദ്യാർത്ഥിയും ചുറ്റും നടക്കുന്ന കാര്യങ്ങളെക്കുറിച്ച് ബോധവാന്മാരാണ്. അതിനാൽ എന്തു ചെയ്യണം എന്തു ചെയ്യരുത് എന്നതിനെക്കുറിച്ച് അവർക്കു വ്യക്തമായ ധാരണയുണ്ട്. എന്നാൽ അവർക്കറിയാത്ത പല പുതിയ കാര്യങ്ങളും അവർക്കു പഠിപ്പിച്ചു കൊടുക്കാൻ ദൃശ്യമാധ്യമങ്ങൾക്കാകും.

എന്നാൽ ദൃശ്യമാധ്യമങ്ങളുടെ കടന്നുകയറ്റം വിദ്യാർത്ഥിസമൂഹത്തെ കാര്യമായി ബാധിച്ചിരിക്കുന്നു. കുട്ടികളിലുണ്ടാവുന്ന ആരോഗ്യപ്രശ്നങ്ങൾ ഇതിന് ഏറ്റവും വലിയ ഉദാഹരണമാണ്.

ടിവിയിലെ കാർട്ടൂണുകളും കമ്പ്യൂട്ടറിലെ കളികളും അവയെ

അതിനുമുന്നിൽ ഇരിക്കാൻ പ്രചോദിപ്പിക്കുന്നു. കാർട്ടൂണുകളും കമ്പ്യൂട്ടറുകളും കുട്ടികളുടെ വിലയേറിയ സമയം പാഴാക്കുകയാണ് ചെയ്യുന്നത്. പണ്ട് പഠിത്തത്തിലും കളികളിലും മുഴുകിയിരുന്ന കുട്ടികൾ ഇന്ന് ഈ ദൃശ്യമാധ്യമങ്ങളുടെ മുന്നിലാണ്. നാലു ചുവരുകൾക്കുള്ളിൽ വിഡ്ഢിപ്പെട്ടുകൊണ്ട് മുന്നിൽ സ്ഥലകാലബോധം നഷ്ടപ്പെട്ട് വിലയേറിയ സമയം പാഴാക്കുകയാണ് ഈ വിദ്യാർത്ഥികൾ. കാർട്ടൂണുകളുടെയും കമ്പ്യൂട്ടറുകളുടെയും മുനിലകപ്പെട്ട ഇന്നത്തെ തലമുറ വെറും പാവക്കുട്ടികളായി മാറുകയാണ്. സ്വന്തമായി ചിന്തിക്കാനും പ്രവർത്തിക്കാനും ശേഷിയില്ലാത്ത മറ്റുള്ളവരുടെ ഇഷ്ടാനിഷ്ടത്തിന് പ്രവർത്തിക്കുന്ന വെറും പാവക്കുട്ടികൾ.

പണ്ട് നാം വീടുകളിലേക്ക് സന്ധ്യക്ക് കടന്നുചെല്ലുമ്പോൾ നമ്മെ വരവേൽക്കുന്നത് കുട്ടികളുടെ ഉറക്കെയുള്ള നാമജപമായിരുന്നു. എന്നാൽ ഇന്ന് നമ്മെ വരവേൽക്കുന്നത് ഈ ദൃശ്യമാധ്യമങ്ങളിൽ അകപ്പെട്ടുപോയ കുറേ യന്ത്രങ്ങളാണ്. ഊണും ഉറക്കുമില്ലാതെ ദൃശ്യമാധ്യമങ്ങൾക്കു

English

The Modern Language

English is accepted as a universal language around the globe. Probably, there will not be any other language which is more versatile than English on the earth. English has also acquired the world fame as an international language. Now a days internet and other such high speed communication systems gain prominence and in them too English is used as a communication medium. Considering our country, India, English language has exerted a profound influence. After the British regime, English language played a huge role in unifying the princely states which existed inside India during that period. In all schools around the globe English is taught as a primary task of child's education. The dexterity in using English language was at its zenith during the period of freedom struggle in India. Learning English enables a person to express his thought in front of any international organization. This English has degraded over times and nowadays books with high literary value are scarce. The only way to enhance the skill in using English in a person is by introducing good books with chaste English to him.

In all the different fields like Medicine, engineering Astronomy etc.

English is considered as a foundation.

All international examinations are conducted in English. Awareness classes and programmes about natural calamities and disasters are conducted internationally through English.

In olden times children were very good at speaking English because of their reading habit. Now a days children are only interested in facile comic strips which has least literary value compared to other books. In all the different fields like Medicine, Engineering Astronomy etc. English is considered as a foundation. All international examinations are conducted in English. Awareness classes and programmes about natural

calamities and disasters are conducted internationally through English.

Nowadays deadly viral diseases are spreading at an alarming rate. Posters depicting the ways to prevent such diseases, symptoms of diseases etc are mainly prepared and advertised in English. Therefore people in the rural areas must be aware of basic English. In this age of outsourcing and globalisation it is quite common that people go out in search of jobs offering higher salaries. The main reason for the versatility and adaptability of English is that, it accepts words from other languages like German, French, Latin etc. For example, the word 'Restaurant' the origin of the word is truly from French. Mahatma Gandhi and Nehru became successful in attaining independence by delivering strong speeches in English which actually shook the foundation of British regime in India. Understand the power of English and try to learn it well. •

science

knowing the truth. It represents the strife towards enlightenment. No life is complete without wondering about how it all began. Humans take pride in being self conscious. Therefore it is the inherent quality of humans to be curious about how life and subsequently, themselves, came to be. In the dark ages, men thought earth was the centre of our universe and the heavens were the abode of gods and goddesses who defied any understanding. Then a man found out scientific proof that earth revolved around the sun but the power of ignorance was so much that he was forced to keep his theory under cover. Then another man, the world famous Galileo proposed that stars were huge fireballs and not palaces of gods. He was lucky not to be beheaded. Why did these men bother? They could have kept quiet and said Ignorance is bliss. So

round one went to the church, and gods powers were unquestioned.

Then, as legend goes, an apple fell some centuries later, and instead of eating it, Newton found the Law of Gravity. He followed it by findings in optics, calculus, laws of motion, geometry etc. 'Principia de Mathematica' rocked the very foundation of the idea of an omnipotent God. The motion of the heavenly bodies was not captained by any god but a few mathematical equations. Round two went to science.

Many theories of Newton were later put under the anvil as scientists, a new creed of man, began to find properties and sequences in the way things happen in our vast universe. Later, the need to introduce dual nature of light was felt and the ensuing confusion was insurmountable. Then a clerk in a German patent office

Nature and her secrets lay hidden in the dark. God said "Let Newton be, and all was light."

It is pointless to ask what science is, as the classical, monotonous definition has been hammered into the mind of millions of children throughout the world for many centuries. But, why science? For many students, it represents a hurdle in their life and they wonder why they should study it when they have nothing to do with it afterwards. The answer is simple. Science is the curiosity towards

पैसों का महत्व

आज का युग पैसों का युग है। पैसा ही हमारी माता-पिता, दोस्त - दुश्मन, भाई - बहन और शिक्षक है। इसके बिना हमारा जीवन नहीं चल सकता है। जैसा कि आपने सुना होगा कि पैसा हँसाता है और पैसा ही रुलाता है। हमारे जन्म से लेकर मृत्यु तक हमें इसकी ज़रूरत होती है। हमारे माता पिता को कितने ही पैसे चिकित्सक को देना पडा

होगा। हमारे पालन-पोषण की पूरी जिम्मेदारी इसी पर निर्भर रहता है। जैसे हमारी पढ़ाई के लिए कितने ही पैसा शिक्षकों को देना पड़ता है। इसके बिना हमें शिक्ष प्राप्त नहीं हो सकता है। एक पेंसिल से लेकर मोटी-मोटी पुस्तकें खरीदने के लिए इसी की ही ज़रूरत होती है। स्कूल पोशाकों को खरीदने के लिए भी इसी की ज़रूरत होती है। एक नौकरी

पाने के लिए भी न जाने कितने पैसों को पहले फेंकना पड़ता है। तब जाकर नौकरी मिलती है। इसके साथ-साथ हमारे भाई-बहनों के लिए भी कितने रूपयों की ज़रूरत होती है।

न जाने इतने 'पैसे' कहाँ से माता-पिता हमारे लिए पूर्ति करते हैं। इस समस्या को न समझकर कितने बच्चे पैसों को फिजूल खर्च करते हैं। हम बच्चों को अपने माता-पिता के इस समस्याओं को समझना चाहिए और पैसों का कम खर्च करना चाहिए।

published a paper in 1905. Theories of God and heaven were thrown away. Even science was rattled by its core. The clerk, or Albert Einstein as was his name, published few more papers in 1915, which we know today as the general theory of relativity. Mass which was taken to be constant in all equations till then, was proved to vary with respect to velocity. A speed limit was put on all bodies, that is, the speed of light was the ultimate barrier. This achievement seems huge and wonderful, but what led to it was a question which he asked when he was a child "what would we see, if we were to catch up with light?" Light would no longer be light as it is relative to the observer. It would be

stationary, and hence the speed limit.

Relativity caused such a major upheaval that radical theories and fantastic breakthroughs began to happen by the day. Science won the match.

There was no looking back. Theories and hypotheses were proven and disproven. Models were made accurate upto the order of 10-30 units. Even the inherent uncertainty in nature was brought to the fore with mathematics as the tool of exploration. It is upto us to continue this victory march onwards and find the 'truth'. The achievement would be the crowning glory of humankind.

Behind every successful man there is a woman. But her role is seldom understood. A woman is the other half of man. Women have equal right in all aspects like education, business, family, political issues, or any other field which is of importance in the progress of a country.

Women are deprived of even the basic joy of being literate. The enormous talent resident in them has never been nurtured. They are confined to the four walls of the houses. Dowry is another problem faced by women in India.

Indian Women should come forward to take the challenge of running the country. They should adopt a life of

The Women of Today

simplicity. Woman is not a play thing of man she is not born just to satisfy the lust of man. One should stand in the shoes of a woman to know what her true feelings and thoughts are. Gandhiji says "Women should avoid the extreme need for wealth for showy dress and decorations. There's always a natural

scent originating from the inner hearts of women". Therefore they are not required to attract others by applying scent.

Women's heart is very noble and humble. They are the embodiment of sacrifice, silent suffering, humility, faith and knowledge. Women have the power to understand any situation without being taught.

Precious Time

The time is very precious for us. Each and every second has its own importance. It is said that the time we have lost will never come back. So, we should think about our future not past. We can't stop the time. The time is going. Some people are using it and some are

misusing it. I am going to tell a short story on the precious time. By listening to this story you can't even imagine how much valuable time is. As we know P.T. Usha was one of the fastest women runner of this world. In an athletic meet she participated in 100 metre running. But unfortunately she lost the first position and got second position. She lost 1st position due to difference of 1/100 minute. If 1/100th minute consists this much importance then think about yourself. How much time you are spoiling. Some will say "Oh! I missed my flight because I was one minute late." So, we should be punctual

and not waste time because time has its own significance. It is said that we can't compare a lakh of rupees to even a single minute. We all should be a strict followers of time. A person lives a very happy life when he does all his work in proper time. The person who doesn't give importance to time can't achieve his ambition. So, for being a successful person we should give much importance to the precious time.

Happy School days

Dear Friends,

The year was 1967 ... a very good year ... as it was the year of romance..

..We had come back, from taking part in the Republic day parade, in Delhi.. and before that we were lucky to go through, the preparatory camp at Munnar, at least I was lucky, as I met my girl friend Vatsala, there. We were in the same singing group rending out one beautiful malayalam song after another , in the evenings.

"Gayakare unarunaroo... Kadhikare unarunaroo..."; "vandeepuka vande..vandi vandi ninnepole vayarinakathum theeyanu .."

The day the song practice was not there, we somehow found a way to meet , outside the Spencer's mini mall. She was great company during the train journey to Delhi and back.

I became , a very ardent devotee , of Srikandeswara Temple in Vanchiyoor, in Trivandrum, her house was next to this temple.

I think, I picked up the rudiments of writing, from this period, in shortest number of words, I had to tell her, how much, she meant to me .

After a year, of frenetic letter writings, and risky visits to the alleys , behind the temple to meet her, the romance petered out. Her parents caught her with my letters, and laughed at her for romancing a School boy, when she was already in college ..

Final straw, was the caste factor. How can a brahmin girl, even think of marrying a Nair boy, that too a school going boy.

There was nothing else, to look forward to, except NDA results. Then came a breather..

A trek to Courtallam falls...Mr Pendred, our British volunteer , cum football coach, cum , English teacher, cum Director, of all Shakespearean plays, like Comedy of Errors , and his friend Smith , were willing to take us for a trek, to Courtallam Falls , in Tamil Nadu. ...we were to be, dropped at a place called TENMALA, then had to walk on foot.. Fifty kilometers , towards Tamil Nadu border , Aryankavu , cross over to Shencottai, in Tamil Nadu, make a base at Courtallam Falls 5 Kilometers away, and then, be brought back to SSKZM by bus..

..We trekked with our Haversacks , with a cheerful forest stream, keeping us company and at odd times, old ladies used to peek out from their shanties, on the side of the road, and berate us, why can't you people be a little more patient ..there is a bus every Three hours to Shencottai..

...Our British Volunteers..tried to make our hike, a little more interesting.

They made us, sing aloud ..a British Marching Song ..

..."Roll me over, on the clover .. Roll me over on the Clover"

At Aryankavu we crossed over to Tamil nadu, passed through Shencottai, and reached courtallam falls.... a refreshing bath at the water fall ..spirits soaring.. we all were singing..

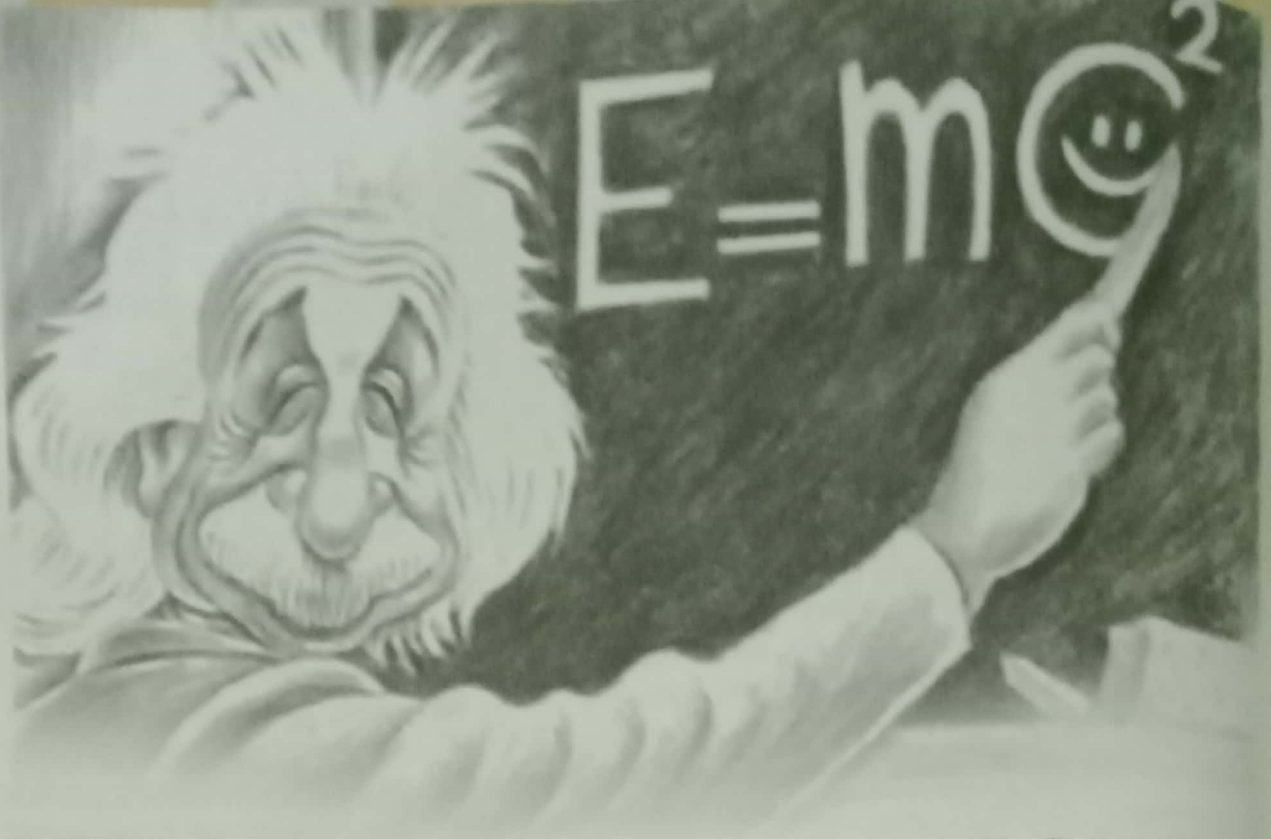

... " Hurray , Hurrah ..we sing so happily..Hurrah, Hurrah ..the place that makes us free....and so we sang the chorus, from Trivandrum to the sea.. ...as we were marching ..from Pangode "

...Bring the good old bugle boys 'll sing another song, sing it with a spirit that will move the wheels along.....

Sing it as we used to sing it , two and fifty strong, as we were marching from Pangode"

Back in the school, with memories of a Grand ..Summer of '67..

If extraordinary claims require extraordinary evidences, then Scientists involved in an experiment called OPERA (oscillation project with emulsion-tracking apparatus) have provided just that, when 60 nanoseconds threaten modern physics a sentence which is known to all. Yes, with the discovery of neutrinos, particles that travel faster than light, the foundation of modern physics is shaking.

Neutrinos fired from a supercollider outside Geneva to an underground laboratory in Gransasso Italy took less time than light to get there. A beam of light would take 2.4 milliseconds to cover this distance. This means neutrinos were travelling at a speed of 299,798,454 metres per second. While the speed of light in a vaccum is slower

at 299, 792, 458 metres per second. This new discovery shocked scientists all over the world. Albert Einstien's 1905 special theory of relativity that states nothing can travel faster than light is now in doubt. If it is proved wrong the very foundation of modern physics will be demolished. Another one very Interesting fact is that if neutrinos can travel faster than light less time for travel may be possible. The theory is very simple to understand. Imagine you can run with the speed of a neutrino. You are standing In a race track. The light from the sun (any other light source) touches your body and reflects. At the same moment you start running. You being faster than light reaches first in the finishing line. When you look back you can see your own self in the past. If you keep running, at some stage you may beat the light which reflected from

Akbar's Court. One defect: No sound. Because sound travels much slower. Yet another amazing fact is that nothing can stop a neutrino. They are formed when stars explode. It may or may not be proved that neutrinos travel faster than light. If proved, New technologies will come to existence. What I say is "Hope for the best".

Friendship

5002 Nandan Kumar

he is one among the few relations on the earth that never dies. Friendship helps to make a friend strong. You can enjoy the love more given by the friends if you make it close. Choosing a friend should be slow, changing him should be even slower.

'A friend in need is a friend indeed.'

This English proverb means that, a true friend is someone who helps you when you are in need. Some don't know what friendship actually means. When you are

in danger, only a true friend will guide you and will make you free from danger, that also without any harm. A friend can see the mark of his friendship on the earth below and the heaven above.

Remember, anyone can achieve what he wants, even if it is difficult, with the help of his true friends. So make friends, attain prosperity and share it with them. The friend who tastes his friendship like nectar, bit by bit will relish it forever and, besides, not overtax it. •

As you all know the bond of friendship is stronger than the bond of love. It depends with whom you want to be bonded to. A strong, close, good, true friend-ship will never sink. To call somebody a 'friend' means that

भारत के नन्हें मुझे

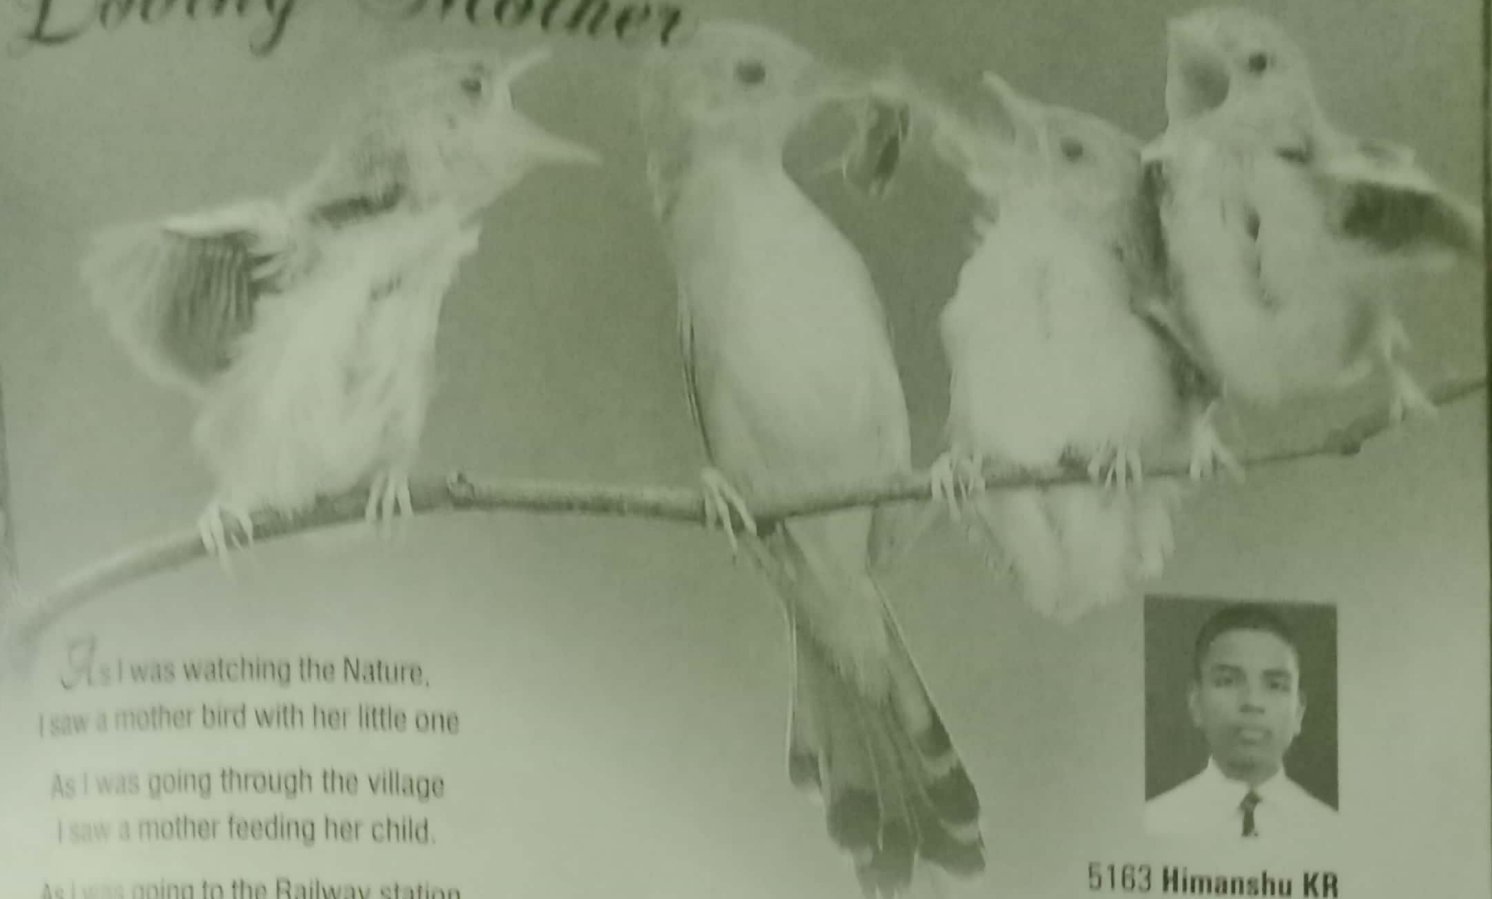

हम को आगे आगे बढ़ना
ऊँच ऊँचे पर्वत चढ़ना
हमको हे बढ़ते रहना
खले होगा लिखना पढ़ना
हम को हे मिलजुलकर रहना
कभी किसी से न झगड़ा करना।
कूड़ भी हम काम करे।
फिर भी जग में नाम करे।

कदम मिलाएँ, कदम बढ़ाएँ।
कभी मौत से हम न घबराएँ।
अपना साहस कभी न खोएँ।
बात-बात पर हम न रोएँ।
जो डरते हैं, घबराते हैं।
कभी कुछ नहीं कर पाते हैं।
जो निर्भय बन जाते हैं
वे अपनी मजल पाते हैं।
हम भारत माँ के बच्चे
नन्हें मुझे पर दिल के सच्चे।
सदा काम करते हम अच्छे।

Loving Mother

As I was watching the Nature,
I saw a mother bird with her little one

As I was going through the village
I saw a mother feeding her child.

As I was going to the Railway station
I saw a mother hugging her child.

As I was going to the hospital,
I saw a mother sitting beside and taking care.

As I was going to the shop,
I saw a poor mother asking alms for her children.

5163 Himanshu KR

While I was sleeping and dreaming,
I saw my mother loving and caring whole night.

Then I realise the real meaning of mother
OH! Mother we can't fathom your love
And care throughout our life. •

All I have is You...

All I have is you:

That makes me see everything as new
They seem fresh like leaf top dew
In this vast world, people like you will sure be few.
There may be many, who attract others
But only a few who influence others-like you.
You seem like a camera as you make me still
You are also the one who makes me thrill
I feel as if you are near me now,
Reason is the one I need to know, but how?
You stood near me and made me understand
By always giving me a lending hand.

You are one of the few lucky charms,
Who causes me no kind of harm:
In this world, all are in a kind of race,
But I will never forget you and your face
You are appreciated by everyone
For your nature and look;
But you are most appreciated
For the hard work you took.
"Please don't leave me" is all I have to say to you,
as All I have is You..... •

The Small Friend of mine

It was raining in the night
My eyes felt on a little rain drop
He spoke to me you know!
As the rain became slow.

He rolled like a diamond
In the light of the moon
What a wonderful sight!
What a wonderful sight.

He cried suddenly
My heart became soft
Like the feather of the peacock
I spoke to him you know!

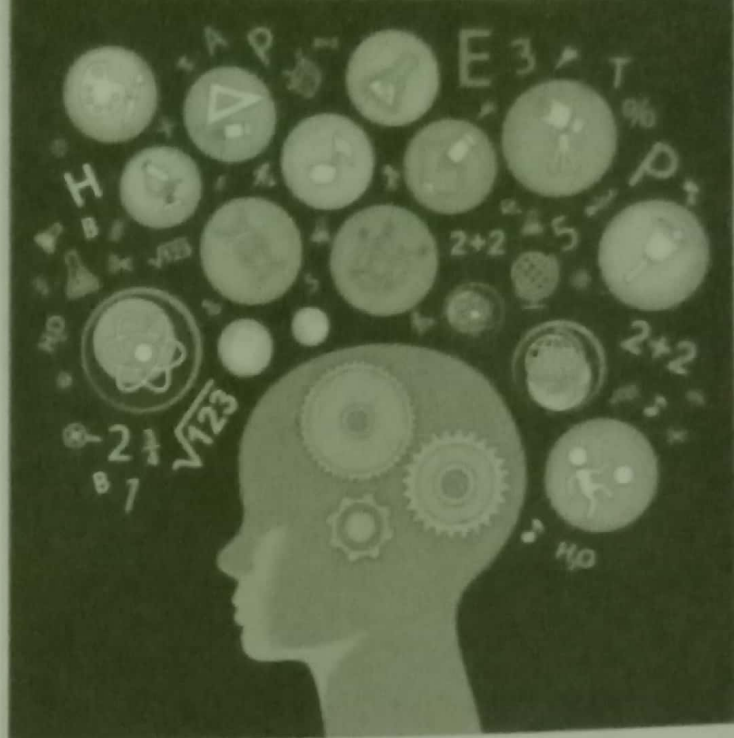

"Why are you crying little one"?
"My family is dying" said he
"What's so wrong
To happen like that?"

"Because the people pollute us" replied he
Suddenly some one called me
It was a dream, indeed a good one
I will not forget my little friend and his family
Who appeared in my dream. .

Remember

Luck is not in your hand
Work is in your hand
Your work can make luck
But luck cannot make your work.
Past is experience,
Present is experiment
and future is expectation.
Use your experience in your
experiment to achieve your expectation.
Always ask God to give you
What you deserve
not what do you desire.
It is because your desire may be few
but you deserve a lot
Remember that
You are very special
No one can play
Your role better than you
You are unique
So love yourself always. .

ഒരേവം മനോഹരമായ ഈ ഭൂമിയിലെ സസ്യജാലങ്ങളെയും ജന്തുജാലങ്ങളെയും പക്ഷിമൃഗാദികളെയും കൊണ്ട് സമൃദ്ധമാക്കി മനുഷ്യനു പാർക്കാനായി നൽകി. ഭൂമിയെ അതിന്റെ എല്ലാ മനോഹരിതയോടും ജൈവസമ്പത്തോടും കൂടി സംരക്ഷിക്കേണ്ടതിന് പകരം മനുഷ്യൻ ഇന്ന് അതിനെ മൃതപ്രായമാക്കിയിരിക്കുകയാണ്. ഭൂമിയിലെ സകല ജീവജാലങ്ങളെയും സംരക്ഷിക്കുകയും തീറ്റിപ്പോറ്റുകയും ചെയ്യുന്ന ഈ അമ്മയ്ക്കെതിരെ മനുഷ്യർ ഇന്ന് ക്രൂരതകളുടെ ദ്രോഹങ്ങൾ നീട്ടുന്നു.

പ്രകൃതി കനിഞ്ഞു നൽകിയ അനുഗ്രഹങ്ങളെ നമ്മൾ നിഷ്കരുണം ഇല്ലാതെയാക്കുന്നു. നമ്മുടെ ജീവൻ നിലനിൽക്കുന്നതിനാവശ്യമായ ഓക്സിജനും, ജലവും, ഭക്ഷണവും മുതൽ ദിവസവും ഉപയോഗിക്കുന്ന പെൻസിൽവെയെള്ളതെല്ലാം നമുക്ക് പ്രകൃതിയിൽ നിന്നു ലഭിക്കുന്നതാണ്. എന്നാൽ നമ്മൾ തിരിച്ചു നൽകുന്നതോ മാലിന്യക്കുമ്പാരങ്ങളും, വിഷവാതകവും ജലസ്രോതസ്സുകളെ വിഷലിപ്തമാക്കുന്ന രാസമാലിന്യങ്ങളും. പുണ്യനദികളായ ഗംഗയും യമുനയും ഇന്ന് മാലിന്യപ്പുഴകളായി മാറിയിരിക്കുകയാണ്. പ്ലാസ്റ്റിക്സിന്റെ അമിതമായ ഉപയോഗവും രാസമാലിന്യങ്ങളുടെ ആധിക്യവും ഫാക്ടറിയിൽനിന്നും വരുന്ന വിഷവാതകവും ആഗോളതാപനം എന്ന ഭീകര ഭീഷണി വരുത്തിവെച്ചിരിക്കുന്നു. വൃക്ഷങ്ങൾ വെട്ടി നശിപ്പിച്ച് മണൽക്കുമ്പാരങ്ങൾ മനുഷ്യൻ സൃഷ്ടിക്കുന്നു. യാതൊരു ദാക്ഷണ്യവുമില്ലാതെ മനുഷ്യൻ ഭൂമിയെ

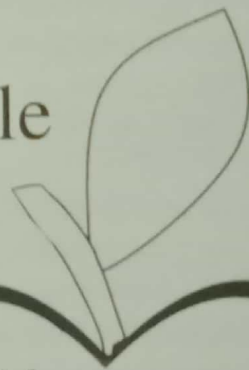

ചൂഷണം ചെയ്യുകയും നശിപ്പിക്കുകയും ചെയ്യുന്നു. അതുമൂലം ഉണ്ടാകുന്ന കാലാവസ്ഥാ വ്യതിയാനം വരും കാലങ്ങളിൽ ഭൂമിയെ വാസ്യയോഗ്യമല്ലാതെയാക്കി തീർത്തേക്കാം. ഇത് നേരിടാൻ ലോകത്തിലെ ജനങ്ങൾ പ്രകൃതിയെ സംരക്ഷിക്കാൻ ഒത്തൊരുമിച്ച് പ്രവർത്തിക്കേണ്ടിയിരിക്കുന്നു. രാഷ്ട്രീയ ഇടപെടലുകളും നിയന്ത്രണമില്ലാത്ത നഗരവൽക്കരണവും പ്രകൃതിയിലുണ്ടാകുന്ന ആഘാതങ്ങൾ നാം തിരിച്ചറിയാതെ പോകുന്നു. ജാതിയും മതവും പ്രത്യയശാസ്ത്രങ്ങളും സഹജീവികളെ സഹായിക്കാൻ തടസ്സമാകാതിരിക്കട്ടെ. വികസനത്തിന്റെ പേരിൽ

കാട്ടിക്കൂട്ടപ്പെടുന്ന നിരോധനിക്കുഞ്ഞുമാർക്കു പരിരക്ഷ നൽകേണ്ടതുമാണ്. പ്രകൃതിയെ സംരക്ഷിക്കാൻ വിദേശത്തുള്ളവർക്കു നമുക്ക് സ്വീകരിക്കേണ്ടതാണ്.

മനുഷ്യൻ ഭൂമിയുടെ ഉഭയസൗഹൃദ മറിച്ച് കാവൽക്കാരനാണെന്ന സത്യം നാം തിരിച്ചറിയാം.

അതുകൊണ്ടു നമുക്ക് ഒതുപേർന്ന് ഈ പ്രകൃതിസമ്പത്തിനെ അതിന്റെ എല്ലാ മനോഹരിതയോടും വൈവിധ്യത്തോടും കൂടി സംരക്ഷിക്കാം. ലെസ്സൺ ബ്രൗൺ പറഞ്ഞതുപോലെ "ഈ ഭൂമി നമുക്കു പൂർണ്ണ കരിൽനിന്നും ലഭിച്ചതല്ല, മറിച്ച് വരും തലമുറയിൽ നിന്നു കടം വാങ്ങിയതാണ്."

INDIA @ 7 BILLION

5084 Fabin Fital

The growing population is a big challenge to India and world as well. The latest baby born and the 102 year old Hilla Sorab Billimoria of Kolkota represent, between them, two ends of India's complex population story.

At one end are the staggering numbers. With an estimated 1.21 billion people, India is a "Population billionaire" next only to China (1.34 billion), as the UN population fund described the country in a recent report titled India @ 7 billion. By 2025 India will overtake China to become the world's most populous country, with the numbers expected to exert enormous pressure on natural resources.

That 11 babies of the 51 born everyminute are in India. The lowest ranking Indian states on the human development Index, highlights the

imperatives of Indian planners providing access to food, water, health, shelter, sanitation, education and jobs to all, the same time, balancing these against scarce resources, safeguarding the environment and protecting against climate change. But India's decadal populaiton growth rate, which touched a high of over 24 percent in the 1970's, is slowing down. According to the 2011 census, it was 17.64 per cent in the last decade. That presents both opportunities and challenges. Lucknow, the capital of India's Most populous state, also has one of its worst sex ratios: there are just 899 girls to 1000 boys, a sign of endemic descrimation. India now has its worst ever child sex ratio: there are just 914 girls for every 1000 boys accordig to the 2011 census. Ten years ago, the 2011 census found it was 927:

1000. The decline has continued apace since 1961; Though things are improving in some state among them Punjab, Haryana, Gujarat, Himachal Pradesh, Mizoram, Tamil Nadu and the Andaman and Nicobar Islands, the overall picture is grim.

India's maternal mortality ratio- the number of women dying due to maternal causes per 1,00,000 live births- is pegged at 212. Fifty new borns among every 1000 also die. India is struggling to knock down these numbers, but has had limited success. Perhaps more important, challenge is the falling sex ratio and the "Vanishing" girl population. The shaming numbers underscore the fact that laws have done nothing to curb female foeticide or change the cultural preference for a boy child.

Along he sat in darkness alone
Shabby, dirty and his mind torn
Alone he sought his way out
Still in his mind remains a doubt
Why was he born here
In the midst of darkness and fear
Why couldn't he die now
Why was he here now
Among the cruel and vile minds
Who try to stab you from behind
He was broken at last
When she came back from past
He couldn't believe what he saw
As everything was against the law
Love and hate stood against

Love & Hate

With him in middle and all in haste.
He really didn't know-
Should he stand with hate or love
He stood beside love and sought
But the hate won the war he fought
And now he took a new birth
With anger and hate in his mind
But it was really meant to be his death.

CHANGING SCHOOL

5006 Remesh Kumar

A new school will pose new challenges at every level. Infrastructure, curriculum, teachers, classmates, all sorts of rules and regulations, new expectations, achievement standards, dos and don'ts all these and more.

Dealing with these pressures can be really hard if there is little support and guidance. If you have ever been in a situation like this or have friends who were new to school until they met you, you will relate to what I am saying. Helping new students to settle into a school is a prime responsibility that parents, teachers and other students must fulfil.

If you are a new child in your school and are feeling lost and lonely remember that you are not alone. A transition or change is always difficult to deal with, but it is a phase and shall pass. While you make efforts to settle in, seek help.

How can I settle into my new school?

Look out for support among your classmates, remember you need them more than they need you now; besides they don't know you well enough to be your friends.

Share with them the freshness of your experiences, the stories that they may have never heard before and win them over! Share the glad times and even some sad times.

Ask your teachers for help. Seek

extra time with your teachers to help you with the new curriculum, various teaching methods, use of technology and systems in the classroom and the new rules and regulations.

It is seen that achievement and performance at school often takes a beating when we shift from a familiar to an unfamiliar style of working. Do not panic.

Gradually but surely, as you become comfortable and more familiar in the new setting, you will also be able to perform according to your ability. Teachers can help you develop new study skills required to cope with the demands of the new curriculum. Talk to

the school counsellor who could help you with ways to smoothen the journey and settle down into the new system.

If you are a student who has new fellow students in class, you can do a lot to help. Even if you have enough friends and do not feel the need to make new ones, remember, a little selfless act can go a long way. New friends bring with them new challenges and new experience which can enrich your lives beyond measure.

When you help a lonely heart, someone will surely be there for you when you need a pat on the back during rough times.

Remember, this too shall pass!.

മാറുന്ന കേരളം

വൈകുന്നേരം ആയിക്കഴിഞ്ഞു. അയാൾ ശരിക്കും തളർന്നു പോയിരുന്നു. അയാൾ ഒരു മായാജാലക്കാരനായിരുന്നു. തെരുവിലാണ് പ്രദർശനം. പേർ എനിക്ക് അജ്ഞാതമായിരുന്നു. ഞങ്ങൾ തമ്മിൽ യാതൊരു മുൻപരിചയവും ഉണ്ടായിരുന്നില്ല. എന്നും എന്റെ ഇൻഫോസിസ്സിലെ തിരക്ക് പിടിച്ച ജോലി കഴിഞ്ഞ് വരുമ്പോൾ ഞാൻ അജ്ഞാതനെ കാണും.

ഒരു ദിവസം എന്നത്തേയും പോലെ ഞാൻ ജോലി കഴിഞ്ഞു മടങ്ങുകയായിരുന്നു. എന്നൊഴികെ പക്ഷേ പതിവ് സമയത്തിന് മുമ്പാണെങ്കിലും ഞാൻ അജ്ഞാതനെ കാണുകയുണ്ടായി. എനിക്ക് അയാളുടെ അവസ്ഥ കണ്ട് കനിവ് തോന്നുകയുണ്ടായി. ഞാൻ അയാളെ പിന്തുടരാൻ തീരുമാനിച്ചു. കുറേയധികം ദൂരം സഞ്ചരിച്ച ശേഷം അയാൾ ഒരു കുടിലിലേക്ക് കയറി. അകത്ത് നിന്ന് വരുന്ന ശബ്ദങ്ങളിലേക്ക് ഞാൻ ശ്രദ്ധിച്ചു. ഒരു കൊച്ചുകുട്ടിയുടെ ശബ്ദമായിരുന്നു ഞാൻ ആദ്യം കേട്ടത്, മകനായിരിക്കും. "അച്ഛാ എനിക്ക് വിശക്കുന്നു."

"ഇന്നും ഒന്നും കിട്ടിയില്ല മോനെ,

ഇന്നത്തെ പുതുതലമുറയ്ക്ക് കലവേണ്ടായിരിക്കുന്നു. അവർക്ക് വിനോദങ്ങളായി വേണ്ടത് പാട്ടും കൂത്തുമാണ്". വിഷമത്തോടെയാണെങ്കിലും പറഞ്ഞവസാനിപ്പിച്ചു. "ഇന്നെങ്കിലും എന്റെ മകന് ഒരു വറ്റ് ചോറ് കഴിക്കാൻ കഴിയും എന്ന് ആഗ്രഹിച്ചതാണ്". ഒരു സ്ത്രീ ശബ്ദം ഉയർന്നു."

ഞാൻ അവിടെനിന്ന് ഇറങ്ങി. അവരെ സഹായിക്കാൻ അടുത്തദിവസം തന്നെ എന്തെങ്കിലും ചെയ്യണം എന്നെനിക്ക് തോന്നി. അന്നെനിക്ക് ഒരു ഉറക്കമില്ലാത്ത രാത്രിയായിരുന്നു.

അടുത്ത ദിവസം ഞാൻ ഉണർന്നത് വൈകിയിരുന്നു. ആൾക്കാരെല്ലാം ഒരിടത്തേക്ക് ഓടുന്നത് കണ്ട് എന്തെന്നറിയാതെ ഞാൻ നോക്കി നിന്നു. "ആരോ മൂന്നുപേർ ആത്മഹത്യ ചെയ്തു." ഇതായിരുന്നു എന്റെ ചോദ്യങ്ങൾക്ക് ഒരാൾ നൽകിയ ഉത്തരം.

മനസ്സിലെ ഒരു കുഞ്ഞു സംശയത്തിന്റെ തരിപ്പുമായി ഞാൻ വീട്ടിൽ നിന്നിറങ്ങി. ആൾക്കൂട്ടത്തിനടുത്തോട്ട് നടന്ന് തുടങ്ങി. എന്റെ ഊഹം ശരിയായിരുന്നു അത് അവർ തന്നെയായിരുന്നു.

അവരോടുള്ള അനുഭാവം കഴിഞ്ഞദിവസം തന്നെ പറഞ്ഞെങ്കിൽ ഞാൻ പറ്റാത്തതിൽ എനിക്ക് കടുത്ത വിഷമം തോന്നി. എന്താണ് നമ്മുടെ കേരളത്തിന് പറ്റിയത്? എന്തിനും ഏതിനും ആത്മഹത്യ ചെയ്യാനൊരുങ്ങുന്ന ഒരു പുതുതലമുറയാണോ നമ്മുടെ കേരളത്തിൽ ഉദിച്ചു വരുന്നത്. ഈ ആത്മഹത്യാശാപത്തിൽ നിന്ന് കേരളത്തെ രക്ഷിക്കേണ്ടത് വിദ്യാഭ്യാസമുള്ള പുതിയ തലമുറയാണ്. അതിനായി നാം ഒറ്റക്കെട്ടായി യത്നിക്കണം. •

A Woman

4965 M Sree Sanker

When I am born
I am protected by all
And all take care of me..

As I group into my childhood
I am guided by all
And I have my parents to protect me..

As I get into my teen and youth
I scolded for all my mischiefs
And I have an energetic bro to save me..

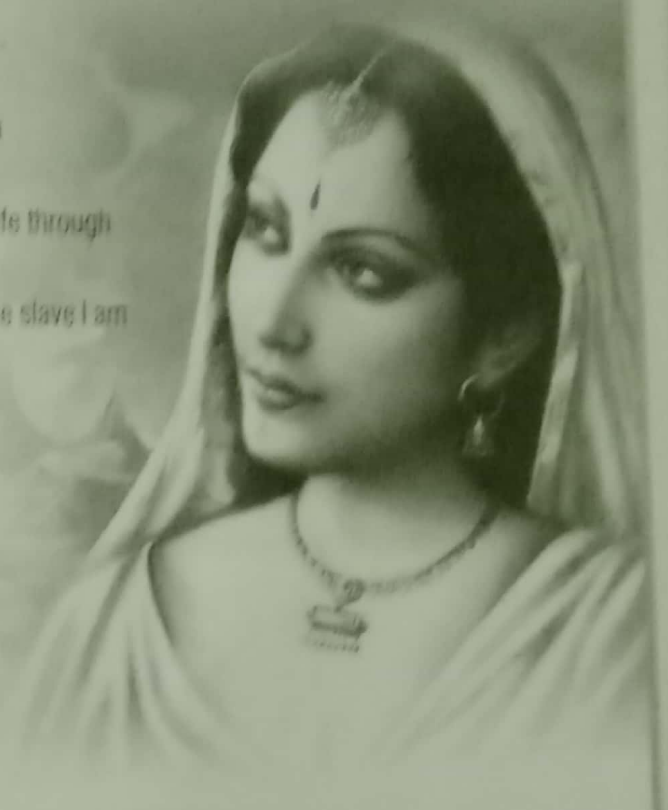

Later on as I get married
I am getting into a new world,
I get new responsibilities and kins
And I have my husband to protect me..

Moving on, I get into my motherhood
I suffer pains for my dear one's gains
And I have my husband to share
my gains and pains..

On the move as I reach my old age
I have my children
Whom I look care of
And I have them to look after me
Not as a reward
But its their responsibility..

At the end I meet my death
You note that I have
Some one to protect my life through
They are protectors and
Aren't my superiors whose slave I am
But I do obey them...

Then as a girl or
As a wife or
As a mother ...
Let me ask you
Why is a woman
Harassed or abused or
Raped ?
Why ?.

In that Marvellous Garden

I think sometimes
How wonderful would it be
Our classes in a green beautiful garden
In the midst of twittering birds,
The trees full of flowers
Butterflies all around
In the silence of the nature
The fresh air all around
Refreshes our heart
Our mind ignores all the worries
Our body gets relaxed.

In that green marvellous garden.
Our teachers teach happily
The interesting lessons
We enjoy the pleasures of studies
They just motivate.
We would do all ways the best
In that green marvellous garden.
When we feel bored in the class
The beautiful sight refreshes again.
We enjoy our lesson then
With happiness and joy..

The orphan

I am an orphan
Who has no-one to care
Who has no one to know
I have cried a lot
But no one has ever heard me.
I am hungry but

no-one to give me food
I can't beg
I can't do any work
This makes me starve
Which makes me lonely
But there are children in the world
Whose life is bitter and ugly

Where children cry and
Pray to the Almighty to save them.
Life is not fair to anyone.
And always leaves many behind
It's full of commitment and
Effort you have put in your life
It's not your fault that you are
Born in the streets without anything
But it is that you have died
Earning or achieving nothing in your life...

The Importance of Learning History

(Awarded 1st Prize in the Inter-House Essay Writing Competition - Juniors)

History is the study of our pasts. It is important to study the past so as to understand the present, and understanding the present dictates all our action. A better future can only be achieved by learning from our mistakes and successes in the past. History is the study of such past mistakes or successes or events. It provides the basement to build the houses of the present. As students who are the future

of the world, it is our duty to make a better world and education is what empower the children to do so. Therefore it is imperative that they learn the basement of the past to make a strong future.

History has always been a weak spot for many students though not always. This difficulty has arisen mainly due to the fact that they do not understand why they should learn about dead kings and emperors, long past events and seemingly unimportant dates. They quiver at the thought of long boring lecture on the political systems of Europe and Industrialization and colonialisation. It is this view of history

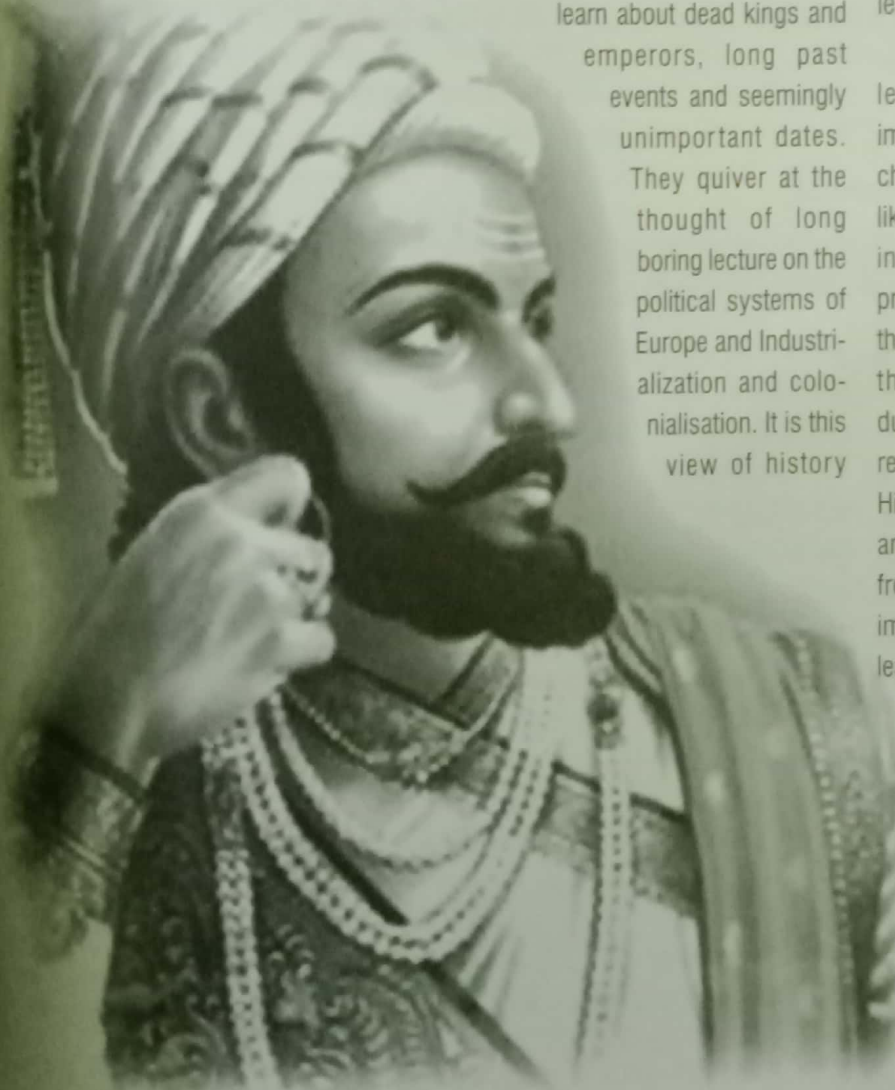

that discourages them from liking history. They should know that the use of studying history stems from the fact that it is to guide them in the future. Teaching history must be a holistic learning experience for the students.

Events depicted in the history lessons of students are of great importance. These are the events that changed the course of the future. Events like the world wars, mechanization and industrialization are what made the present as it is. Periods of history like the dark ages and Renaissance tell us of the revival of mankind from long dullness and sorrow. Such events, if repeated will change the face of earth. History helps us to be careful in our steps and work for a better future by learning from the past. Historical dates are also important as it catalogs the falls and leaps of mankind. Wars fought long ago and its results persuade us to work for peace. Such an important subject is an unavoidable part of a budding youth's educational curriculum.

Another aspect which makes history boring and fearful to students is the interpretation of history as 'his' story. Students

believe that history is just a story of a man or a king and it has nothing to do with reality. This is another barrier in making history a popular subject. Understanding the importance of history as a study of the past, to make a better future is necessary for this purpose. Students should be encouraged to discuss various events and people so that they can understand the situation of the society at that time clearly. Introducing new methods of teaching like history trivia and comic strips of important events simplify the hardships often wrongly associated with learning history.

Such new methods along with understanding the need to learn history

will make the students better prepared for the future. They learn the values displayed by various people or even countries in the past and can act accordingly for their own betterment. Moreover it helps to build an understanding between what has to be done and what should be stopped. History also helps us to understand the earth better and for conserving its resources. The bloodshed and massacres seen in history teach human beings of the consequences of their own actions. Revolutions and rebellions teach us what humanity wants and how best to rule them. It shows us the hardships and sufferings of people, now long forgotten to ensure that such things are not

repeated. History guides us in our path towards progress by showing what difficulties and problems humanity faced in past during its relentless drive towards progress. It helps us cope with difficult situations by showing the courage and co-operation of human in the long gone centuries.

Learning history helps avoid mistakes or mishaps in our pursuit of excellence and for a student such a guidance in his activities is of utmost importance. Therefore history, the study of our pasts that allows us to understand the present better and plan a good and happy future is very important. These facts reiterate the value of learning history.

A HOST OF GOLDEN DAFFODILS

215 Madhav Rajan

I am on holidays at Nenmara, near Palghat, with my parents, sisters and brother, after passing from vi th std to vii std, in SSKZM. Actually I had never, ever ...seen the name of this town on newspaper, until our, famous Minister from Kerala, Shashi Tharoor, decided to marry his Kashmiri bride, in a village near Nenmara. I would be lying down on my bed, with my sister and brother, lying on their stomachs, with their palm supporting their chin ... waiting for me to startI start " I come from haunts of coot and hern, I make a sudden sally And sparkle out among the fern, to bicker down a valley. By thirty hills, I hurry down, Or slip between the ridges, By twenty thorpes, a little town, And, half a hundred

bridges. They both together repeat " KAMME FRAMME , GONZY GANDI , CAPRIKOOTTI BATER GANDI, SADDEN SALLY, ANDEN SPARLE, LARAMANGA, OOF EARN INTO BIKKAR DOWN"

That sounds like the craziest version of Lord Tennyson's famous poem " The Brook" It remains in my mind after many many years, because of the way, it was taught to us by our Lady teacher, Mrs Myrtle Jacob. She made poem reading, poem writing, poem comprehension, such fun ... I even started writing a poem about the view from our house, overlooking miles of parrot green paddy fields, gently swaying in the breeze, with a chirpy stream giving this beautiful green saree, a golden kasav border

Of course it did not impress my mother one bit ... "you should be answering sums after sums of mathematics, then rote aloud all the formulas of elements, compounds, and their idiotic chemical reactions... that's where your future lies ... Kavita is for daydreaming people, with woolly brains .."

That would remind me of the power and influence Balettan sir, held over us, while in Pangode ..what he said was quoted as gospel truth, god's own commandmentsnever hit a boy behind his head .. he will die, never kick him on his private parts .. he will konk off in a second .."

This got drilled into my mind ... at least I knew where to protect myself, in case of the many scuffles I had with fellow cadets ... One Abraham, nicknamed me Justice Mathoo ... I ran after him, round and round the red house, then the blue house, then the kitchen , and finally caught up with him behind the row of toilets, where we all usually play 'seven tiles' with AJIT JACOB and gang..

Abraham warned me .. hit me anywhere except where Balettan sir, told us not to I cut off the confrontation and invited him for a game of seven tiles..

I sit with my niece in Bangalore, and tell her about the wonders of the Periodic table of Elements, atomic numbers, atomic weights, copper

sulphate, sodium, potassium and how we frightened our parents, when they came on the annual day, by scattering, dollops of special explosive compounds, on the floor ..

The elders would step on them and as it gave a cracker of a mini blast, give a shriek of sheer fright .. that would delight all of us to no end, making us laugh and guffaw holding onto our bellies ...

Balettan sir, would watch from the sidelines, to make sure, our gimmicks did not cross, acceptable limits ..

Behind the success of many of our alumni, in IITs, lies, the steadfast and selfless devotion Balettan sir, applied in making the subject of Chemistry, easy to understand, gripping, and a source of wonder ...

... the development of our old boys association, school journal, directory ... are all because of his tireless pioneering efforts ...

...The very pleasure I get in sitting in front of this computer, and chatting

away with my school mates I owe to NBN Sir .. no doubt about it ...

...his contribution in character building, personality development, and confident posture of our cadets, especially in front of SSB Boards, and other competitive interviews .. are undisputable ... I get back to the reality .. my brother and sister are waiting for another poem ... I recite "I wandered lonely as a cloud, That floats on high o'er vales and hills, when all at once I saw a crowd.... Surprisingly, they both, repeated the words of this famous poem, by William Wordsworth exactly, as above ...

Time to take them on in a competition ... 'Which is the Capital' ? ... They are saying the capital of India is Calcutta That is true.. but long long back during British days of East India company ... how could they say capital of America is London ... anybody coming out with an exaggerated tale .. would be dismissed as telling a London pulu (a skyscraper of a bluff) ... My mind wanders off to our Geography teacher Mr Thomas ... his smiling face .. the

way he encouraged ... in making those maps of North America and Africa we shaded the outlines with wetted crayons .. to really impress him

... I come to reality, as my mother shouts, 'what is going on' .. my brother and sister had gone off to sleep

... time to go out and look closely at the 'chemparathy poove' ... the hibiscus flower. Our Biology teacher Mr George Joseph had ingrained in us, a great love for plants, and even microscopic organisms like amoeba, hydra and paramecium ... (my brother repeated after me ' Parameswaran') ..

.. The seeds of my love for nature, flora and fauna, were planted by George Joseph sir ... I still remember the dancing steps he took, before delivering a fiendishly unplayable legbreak, at the batsman ... Howzzzaatt'

Not to mention Vasudevan sir, our physics teacher, would be unfair, as his motivation resulted in me always getting the highest marks in Physics, always above, seventy five percent. I could visualize the innards of a synchromesh gear box, thanks to his encouragement, later to write all the lesson plans for high tech BMP Armoured Personnel Carriers, for the battalion, and then seeing it, being accepted as syllabus in Mech Inf School in Ahmednagar, is all due to him.

Next to Bhagavad Gita, I keep the books, " HOW THINGS WORK", vol 1, and 2, as my bible ... sheer enthusiasm for Machinery, instilled in me by Vasu Sir.

... Actually I could write a book on our fantastic teachers of Sank School ... may be sometime ...

Can India be rid of corruption?

(Awarded 1st Prize in the Inter-House Essay Writing Competition - Seniors)

4833 Aby Mathew

“Power tends to corrupt and absolute power corrupts absolutely”. There are the words of John Aton, who commends upon a dirty reality that exists in all parts of the world - corruption means lack of integrity. It is an act done to take some advantage inconsistent with official duty and rights of others. It is not just about bribery, but also involves the abuse of political power for private gain.

Corruption is a word used by many people in India. India has now come under the spotlight as a highly corrupted nation with cases such as common wealth games scam, 2G spectrum allocation scam, Bofors scam Adarsh housing society scam, BSNL looting by Dayanidhi Maran etc. An alumnus of the prestigious NDA and an air force officer, Suresh, Kalmadi was chief organiser of the common wealth games. But he was arrested and now is languishing in Tihar jail for having allegedly given the conducting rights to a foreign company at high price and thus causing heavy loss to the government. Then came A.Raja, former telecom minister for having sold the 2G spectrum to those companies which did not fulfil the conditions for detaining it. About 4,327 lakh crores was the loss to the exchequer. This money was illegally transferred to Kalaingar TV through certain firms. MP Kanimozhi and Shard kumar, who are the owners of Kalaingar TV are also in Tihar jail after the CBI investigation on 2G scam. The corruption cases even dates back to the time of Indira Gandhi. Illegal transfer of

arms by a company called Bofors in India caused serious revolts at various places. The former chief minister of Maharashtra, Ashok Chavan is also under the scam with regards to Adarsh housing society scam. The latest is the looting of BSNL by the union textiles minister, Dayanidhi Maran, who was the then telecom minister. He allegedly used 323 telephone lines in Chennai which was used by Sun TV network for transfer of heavy audio and video data thus causing a loss of about 400 crore rupees to the government. If such levels of corruption exists in the high levels of government and bureaucracy, we can well imagine the situation in lower levels. A common man has to bribe even a clerk in a panchayat office to get his things done. This is an ugly reality and we are to be blamed for it.

In spite of all this, I still believe that India can be rid of corruption. First of all, the attitude of the people has to change. When they bribe an officer or pay money to disobey the traffic rules they are watched by their children, who come to a conclusion that money power can break any laws. So the parents have to teach the children about values and ethics. So it helps to check corruption from the basic levels.

There are many institutions set up by the constitution to check corruption. One of these is the central vigilance commission. They conduct investigations about firms and politicians in order to prevent corruption. Another body is the Vigilance and Anti Corruption Bureau (VACB) We can file

our complaints in VACB and they will probe into the case. Another way is the Grievance Redressal Machinery by which one can gather information about a particular deal and he finds something wrong can file a case. The trust of people on judiciary has been lost as even judges are corrupt these days. We can also consult a Public Information Officer to file a case against corruption issues. A major law which helps us to curbe corruption is the Right to Information Act. According to this we can gather information from any public office in India by filing an application from and nominal fee. This provides us information about the working of different government departments, other than those related to national security.

Another much sought about bill is the Jan Lokpal Bill. This came into consideration after the struggle of Anna Hazzare against the corruption. Lokpal committee headed by Pranab Mukherji is under the drafting of this proposed bill. People believe that once the bill is passed by the parliament corruption can be stopped to a large extent. The members can include former or retired CBI officers, Vigilance Officers and former chief justices of both supreme court and high court. This committe will broke into the functioning of all government departments and will investigate cases of corruption against politicians and bureaucrats. This body will be free from the control of judiciary and prime minister. So they can take independent decisions. It also empowers

An Unusual Day in School

My body was cold, eyes were closed still... I got ready and went for south zone practice. The morning tea was good until a sixth standard spilled his tea on my shorts.

Its cold.... so peaceful to sleep GET UP! Its time! 5.00 clock. I felt someone shaking my legs. It was my house master. He told me to call everyone. Couldn't get up. My body was cold, eyes were closed still... I got ready and went for south zone practice. The morning tea was good until a sixth standard spilled his tea on my shorts. The practice was tough ... and boring. But hockey balls can be tricky. They find their way to the legs of players. Ouch

... that hurts. I thought a bad start can happen but the day is still on! Positively I got ready had my breakfast and went to school. Luckily nothing awkward happened. Maths was the first period. I prayed to God and started. Hope I will learn everything my teacher teaches and nothing can go wrong. Happily when I'm sitting my class master asks, "All ready for maths exam?" "What in the name?" Exam? I asked my neighbour he said.... "Why you don't know?" "After seeing the questions I was heart - broken. Sitting by shifting scratching on the head, I finished my paper. Computer period next. Ha! what could possibly go wrong? I went inside. He asked everyone, "How many covered your notebooks?" ... Oh!... my note was the same as I got from the stationery. He was also my housemaster. He gave a strong shot on my left shoulder. Only then I knew formation signs could fly. Next maths period.... wow I just scored

12/25 the pinch was killing me. Although I knelt down in the class, I thought as usual I would do better next time. The afternoon was tiring and I got to bed. I got up at 4.00pm ... God! South Zone practice...! I ran for the practice with my T-shirt in one hand. I had to talk sentimentally to overcome the angered P.T. instructor. Game went well and got ready for night studies. I proudly took my squad and went on with my friends. Cutting across is really messy after the rains. As I ran... splash on a mud hole! you can guess my white and whites! After that didn't go for supervision that day. Night, I came ... tried to be careful not to get anything bad... before going to sleep as I was writing in the diary... I looked at the heading, 'A usual day in school. I changed it to, 'An unusual day in school'

Beware! a day like this can come to you also. •

the people to reject an MLA or MP during the elections. People or rather citizens of India strongly believe that corruption can be eliminated upto an extent by the proposed Jan Lokpal bill.

The struggles of civil society activists such as Anna Hazare and Baba Ramdev will become fruitful in the coming future. Yes, corruption could be stopped and India can come out of it

with the support of its citizens. If we decide not to pay bribe, we can also help in this great campaign against corruption. We can hear and learn of a corruption free India in future. •

Hey

4643 Abhishek. K.R.

When I saw you first,
With your beautiful smile on your face;
Since then I love you,
Like no one loved you,
Like I never loved anyone before
And I wish you to see,
My love was enough for you and me.
And from the moment I started loving you,
From that moment my meaning of life changed.
I reshuffled my entire way of living
And got a transformation.

I did it coz of you,
And coz I love you.
But that dark day you could take it nomore,
And decided to leave me alone;
Since that day I writhe
Its hard to remember how I felt all these years;
But what a miracle it is,
Still I love you.
Time always kills the pain but it's opposite to me;
Years passed away and still days are not easy.
I can't survive anymore as this life is of no use without love.
And I've lost loved ones in my life.
And this I beg not only for me.
But for all beautiful people who are in love;
And dying for what I pine
And if you can't, then call me to you,
So that you and I never be apart;
And coz I know my fate,
Sooner or later we have to be together
So why not it be today, right now.
Coz I just can't resist anymore,
Coz I love you,
And Coz you're the only reason I believe in love....•

Epilogue...

The year-long Golden Jubilee Celebrations have come to an end. The elegant inaugural function was made memorable by the gracious presence of Shri A K Antony, the Union Minister for Defence and the breath-taking finale was graced by Shri Oommen Chandy, Chief Minister of Kerala and Shri Pallam Raju, Minister of State for Defence. Between these two major functions there have been a number of programmes sprinkling delight round the Golden Jubilee year.

A tree is known by its fruits- The innumerable Kazhaks occupying enviable positions in the Defence Services as well as in other walks of life will vouch for the unique recipe they have received from this great institution for a happy and successful life. If the first fifty years was an achievement, the next fifty years is going to be a challenge - A daunting challenge to remain on top, a challenge to perpetuate the rich legacy we have inherited from the pioneers of this institution. Let us face this challenge with grit and guts.

I hope that the Golden Jubilee issue of 'The Kazhak Cadet' will provide you with moments of delight and the little jottings of our young minds will amuse you beyond expectation. May the light kindled by our pioneers guide our future path.

Prayer From Gitanjali

Where the mind is without fear and the head is held high;
Where knowledge is free;
Where the world has not been broken up
into fragments by narrow domestic walls;
Where words come out from the depth of truth;
Where tireless striving stretches its arms towards perfection;
Where the clear stream of reason
has not lost its way into the dreary desert sand of dead habit;
Where the mind is led forward by thee into ever-widening thought and action...
Into that heaven of freedom, my Father, let my country awake.

I Believe...

Having entered the portals of Sainik School Kazhakoottam I believe that I have climbed a pedestal. Henceforth my aims and dreams shall be lofty and worthy of emulation. I shall set standards for myself worthy of an officer and a Gentleman of the Armed forces and an ideal citizen of the Nation. I shall do my utmost to cherish and uphold the honour and fair name of my alma mater at all times.
